Russia And The West The Life Of A Seventeenthcentury Westernizer Pr:

A History of Russia and Its Empire Kees Boterbloem, 2018-06-26 This clear and focused text provides an introduction to imperial Russian and Soviet history from the crowning of Mikhail Romanov in 1613 to Vladimir Putin's new term. Through a consistent chronological narrative Kees Boterbloem considers the political, military, economic, social, religious, and cultural developments and crucial turning points that led Russia from an exotic backwater to superpower stature in the twentieth century. The author assesses the tremendous price paid by those who made Russia and the Soviet Union into such a hegemonic power both locally and globally. He considers the complex and varied interactions between Russians and non-Russians and investigates the reasons for the remarkable longevity of this last of the colonial powers whose dependencies were not granted independence until 1991. He explores the ongoing legacies of this fraught decolonization process on the Russian Federation itself and on the other states that succeeded the Soviet Union. The only text designed and written specifically for a one semester course on this four hundred year period it will appeal to all readers interested in learning more about the history of the people who have inhabited one sixth of the earth's landmass for centuries. Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama. Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate. Additionally the Encyclopedia includes some 200 essays treating the development of national, regional, and topical historiographies from the Ancient Near East to the history of sexuality. In addition to the Western tradition it includes substantial assessments of African, Asian, and Latin American historians and debates on gender and subaltern studies. *Stuarts and Romanovs* Paul Dukes, 2019-07-29 Contents Illustrations Preface Abbreviations Maps Introduction The Sixteenth Century Legacy New Beginnings 1603-1625 From Decline to Disruption 1625-1649 Crisis Interregnum and Restoration 1649-1663 The Struggle for Revival 1663-1676 Towards Termination 1676-1688 Endgame 1688-1698 Conclusion Seventeenth Century Legacy Bibliography Index History of Music in Russia from Antiquity to 1800, Vol. 1 Николай Федорович Фендейзен, 2008-02-07 A pathbreaking monumental work on the origins and development of music in Russia. **A Century of British Medieval Studies** Alan Deyermond, 2007-11-29 This is an authoritative guide to the complete range of medieval scholarship undertaken in twentieth century Britain: history, archaeology, language, culture.
