Authorised company name: **Elsys Electrical LTD**

Installer number: **EVHS2174**

Dear Ivan Valdimirov,

Approval to install chargepoints under the Electric Vehicle Homecharge Scheme

1. We are pleased to inform you that your application to become an authorised installer under the Electric Vehicle Homecharge Scheme (EVHS) has been successful. You are now eligible to submit grant claims under the scheme.
2. This approval does not permit you to claim grants under the Workplace Charging Scheme (WCS). You will need to obtain approval for this separately.
3. **PLEASE NOTE!** In your application you confirmed the chargepoints that you would like to install under the EVHS. For the EVHS scheme only, from 1st July 2019 you can only install smart chargepoints which meet the new minimum technical specifications, a list of which can be found [here](#).
4. After 1st July 2019, you will remain authorised to install only those units which have been approved as 'smart' before 1st July 2019. After this date, you will need to contact the relevant chargepoint manufacturer to obtain authorisation for new units and reapply for OLEV approval.
5. **Claims with non-compliant units will be rejected.**
6. The Electric Vehicle Homecharge Scheme Guidance for installers, which can be found [here](#), sets out in full your responsibilities as an authorised installer of approved chargepoints. Annex 1 of this letter contains some useful information for new installers.
7. We look forward to working with you to ensure that the EVHS is a success. If you have any questions at all, please do not hesitate to get in touch with the team.

Yours sincerely,

Cover Letter Ev Charger Guide

B Lingard
