your posts it is about how you interact with your followers Take the time to look over the pages of your followers and then like and share some of their posts This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not So if you are ready to learn more then let us get started immediately **Irresistible** Adam Alter,2017-03-02 Almost half of the developed population has an internet based addiction In some ways this is not surprising as our world is filled with addictive experiences from social media and messaging to rolling news and video streaming Attention spans are decreasing as our time spent glued to our screens are increasing negatively affecting our ability to relax sleep develop relationships and achieve meaningful goals Psychologist Adam Alter provides insight into why explains the science behind why we can't seem to stop such behaviour and offers practical advice for using technology differently in order to lead a happier life and to set yourself free This examination of today's tech zombie epidemic is worth putting your phone down for Guardian Essential reading Regain control of your time finances and relationships Charles Duhigg author of The Power of Habit **Start Your Own Etsy Business** The Staff of Entrepreneur Media,Jason R.
