students as well as practitioners many of whom are our former students with the current knowledge used to value companies
parts of companies and the securities issued by companies Our goal is to provide current conceptual and theoretical
valuation frameworks and translate those frameworks into practical approaches for valuing companies We present the
research and descriptive data underpinning these frameworks and use detailed examples to demonstrate how to implement
them often using data from real companies *Corporate Valuation Theory Evidence Practice* has been the industry standard on
valuation for over two decades well before it was widely available The corporate valuation course based on this book is one of
