Rechtliche Beurteilung von Mikrotransaktionen und Lootboxen Max Busch, 2022 The purchase of additional items in videogames also called Microtransactions has recently grown to become one of the dominating methods of monetization in the games industry However many versions of these monetization schemes face severe backlash because it appears that the ways to monetize games are increasingly influencing the contents of the medium and that those games are purposefully designed to bring vulnerable players to spend more money than they meant to In this thesis those points of criticism were taken into consideration and as a starting point to explore the legality of these kinds of monetization schemes from a legal standpoint This was done with regards to the Unfair Competition Law Youth Protection regulation and general civil law Also the chance based variant of microtransactions the so called Lootboxes have been examined with regard to their legality under gambling regulations

Global Marketing Management Masaaki (Mike) Kotabe, Kristiaan Helsen, 2022-10-04 An indispensable resource for students of marketing management and international business In the newly revised ninth edition of *Global Marketing Management* a decorated team of international marketing professionals delivers an authoritative discussion of the realities of global marketing in today's economy and an insightful exploration of the future of marketing to an international audience You'll obtain an integrated understanding of marketing best practices on a global scale complete with relevant historical background and descriptions of current marketing environments The latest edition builds on four major structural changes to the global marketing environment growing anti globalization sentiment the growth of information technology tools the increasing demand for personalization and the environmental impact of business activity In depth case studies offer lively discussions of real world global marketing campaigns and are accessible online *Global Marketing Management* also provides Thoroughly updated examples and case studies with contemporary information An ongoing emphasis on the increased volatility and uncertainty of today's global markets Updated discussions of the balance to be struck between pursuing economies of scale and respecting unique cultural sensitivities New explorations of major global environmental and ethical issues New chapters on emerging markets internet marketing and corporate social responsibility

History of the Japanese Video Game Industry Yusuke Koyama, 2023-06-02 This book is the first one to describe the entire history of the video game industry in Japan The industry consists of multiple markets for PCs home consoles arcades cellular phones and smart phones and it is very difficult to see the complete picture The book deals comprehensively with the history of the Japanese game industry from the beginning of the non computer age to the present The video game industry in Japan was established in the arcade game market when *Space Invaders* was released by Taito in 1978 Game markets for both PCs and home consoles followed in the early 1980s The platform that occupies a central market position started with the arcade and shifted in order to the home console handheld consoles and smart phones In the video game industry in the twentieth century each platform had a clear identity and the relationships among platforms were interactions In the twenty first

century with the improvement of computer performance the platform identity has disappeared thus the relationship among platforms is highly competitive Since the crash of 1983 in the United States the Japanese game industry has one of the largest market shares in the world and has developed without being influenced by other countries It reached its peak in the late 1990s and then its relative position declined due to the growth of foreign markets and the failure of emerging markets such as online PC games Even today Japan s gaming industry holds a dominant position in the world but it is not the superpower it once was Since the beginning of the twenty first century game research has become active worldwide Among game researchers there is a large demand for research on games in Japan but there is still little dissemination of research in English The original version of this book published in Japan is highly regarded and received an award for excellence from the Society of Socio Informatics in 2017

The Video Games Textbook Brian J. Wardyga,2023-06-13 The Video Games Textbook takes the history of video games to the next level Coverage includes every major video game console handheld system and game changing personal computer as well as a look at the business technology and people behind the games Chapters feature objectives and key terms illustrative timelines color images and graphs in addition to the technical specifications and key titles for each platform Every chapter is a journey into a different segment of gaming where readers emerge with a clear picture of how video games evolved why the platforms succeeded or failed and the impact they had on the industry and culture Written to capture the attention and interest of students from around the world this newly revised Second Edition also serves as a go to handbook for any video game enthusiast This edition features new content in every chapter including color timelines sections on color theory and lighting the NEC PC 98 series MSX series Amstrad CPC Sinclair ZX Spectrum Milton Bradley Microvision Nintendo Game Watch gender issues PEGI and CERO rating systems and new Pro Files and quiz questions plus expanded coverage on PC and mobile gaming virtual reality Valve Steam Deck Nintendo Switch Xbox Series X S and PlayStation 5

Key Features Explores the history business and technology of video games including social political and economic motivations Facilitates learning with clear objectives key terms illustrative timelines color images tables and graphs Highlights the technical specifications and key titles of all major game consoles handhelds personal computers and mobile platforms Reinforces material with market summaries and reviews of breakthroughs and trends as well as end of chapter activities and quizzes
