**Movie Roadshows** Kim R. Holston, 2013-01-01 This work examines a film distribution system paralleling the rise of early features and persisting until 1972 when *Man of La Mancha* was the final roadshow to require reserved seating. Synonymous with Hollywood's star-studded premieres, roadshows were longer and cost more than regular features, making the experience similar to attending the legitimate theater. Roadshows often epic in subject matter, played selected theaters usually only one in major urban centers until demand decreased. By the 1960s, they were musical overtures, intermissions, entre acte, and exit music, and souvenir programs for sale in the lobby. Throughout the text are recollections by people who attended roadshows, including actor John Kerr and actresses Barbara Eden and Ingrid Pitt. The focus is on roadshows released in the United States, but an appendix identifies international roadshows and films forecast but not released as roadshows. Included are plots, contemporary critical reaction, premiere dates, production background, and methods of promotion, i.e., the ballyhoo.

*Box Office*, 1945      *Focus On: 100 Most Popular Drama Films Based on Actual Events* Wikipedia contributors,      In Theaters Everywhere Brian Hannan, 2019-01-09 Conflicts among Hollywood studios and exhibitors have been going on for years. At their heart are questions about how films should be released, where, when, and at what speed. Both sides of this disagreement are losers: exhibitors using the law via various Consent Decrees, and studios retaliating by tightly controlling output. In the Silent Era, movies were not released nearly as widely as they are now. This book tells the story of how the few became the many. It explores the contraction of the release cycle, the maximization of the marketing dollar, and the democratization of consumer access. It also offers a comprehensive list of wide releases and rebuts much of what previous scholars have found.      *Focus On: 100 Most Popular 2010s Adventure Films* Wikipedia contributors,      *Focus On: 100 Most Popular Nonlinear Narrative Films* Wikipedia contributors,      *Encyclopedia of Creativity* Mark A. The second edition, published in 2011, was named a 2012 Outstanding Academic Title by the American Library Association's Choice publication. Featuring 232 chapters across 2 volumes, the third edition of this important work provides updated information on the full range of creativity research. There has been an enormous increase in research on the topic throughout the world in many different disciplines.
