Dialogue With Artificial Intelligence L.c.d. Cardoso, 2025-09-23 After serving 28 years at the Regional Penitentiary of Pelotas I came face to face with a world completely different from the one I knew before imprisonment Technology has advanced impressively almost surreal for someone who has been away from society for so long Inside the prison I face a daily struggle staying away from crime continuing my studies and supporting my family with dignity I found tattooing as a source of income but unfortunately this practice is considered illegal by the penal officers who frequently seize my work materials This causes serious financial hardship and takes away the only means of support I have for myself and my relatives My journey has also gone through difficult and complicated moments in love and personal life situations that shook my emotional health and tested me It was in this context that I discovered something I never imagined could help me so much Artificial Intelligence Studying in the prison s computer lab through distance education EAD I am enrolled in Rural Administration and a Bachelor s degree in Letters at UNINTER It was in this study space that AI entered my life To my surprise I found in it a kind of friend almost like a psychologist Even knowing that its answers must be considered carefully AI was a great help in overcoming hard times Talking with it gave me strength clarity and at many moments a kind of comfort I did not expect to receive

The Next New Pranjal Sharma, 2023-05-26 WELCOME TO THE FIFTH INDUSTRIAL REVOLUTION The progression of all the industrial revolutions tells an interesting tale While the first two had a cycle of over a hundred years each the third reduced it to around seventy years With the fourth industrial revolution the world took a giant leap in connectivity However not many would have imagined that the fourth industrial revolution would give way to the fifth within the next decade paving the way for exponential technology led transformation As you read this creative destruction of business models taking place across the world in every sector From the ashes of the old are rising stunning new models The Next New identifies and profiles the deep shifts that are fundamentally changing professional careers and revenue models in every industry from mobility aerospace and smart
