2012 Fantasy Football Draft Guide by The Fantasy Fix , *The GM* Tom Callahan, 2007-09-18 In the summer of 2006 the NFL's most senior general manager Ernie Accorsi invited Tom Callahan inside the Giants organization to experience a season. Accorsi's last from the front office the locker room the sidelines and the tunnel Tom made no promises except that he'd bring to the project the same fairness and thoroughness that characterized his acclaimed *Unitas* biography Johnny U. The result is a remarkable book that is at once a chronicle of a tumultuous season and the story of the NFL over the last three and a half decades told through the eyes of a man who has dedicated his life to football. The Giants started the season with high expectations hoping to ride the talent of players like Eli Manning Jeremy Shockey and Tiki Barber to the Super Bowl but the team quickly fell apart due to injuries. The GM goes far beyond the specifics of a single season though. In a marriage of two great raconteurs one lobbying stories and the other neatly catching them Callahan and Accorsi writer and subject show how the pro game and the league that showcases it really works and the peculiar role of today's general manager who must be part seer part accountant balancing psyches and salary caps. At its essence *The GM* is the story of the job of what it means to be the guy who makes the decisions who's second guessed by fans and the media who must deal with endless and sometimes impossible expectations. Filled with the vivid anecdotes and storytelling that made *Johnny U* a surprise bestseller *The GM* doesn't just illuminate. It inspires with its portrait of a consummate football personnel strategist who over the course of decades gave everything to the game he loved. **My Footprint** Jeff Garlin, 2010-04-03 Jeff Garlin shares his hysterical and eye opening journey to reduce his waistline and his carbon footprint during the production of the seventh season of HBO's *Curb Your Enthusiasm*. Jeff Garlin has dedicated the filming of an entire season of *Curb Your Enthusiasm* to completely making over his lifestyle in two major ways by lightening his physical and his ecological footprints. After many false starts he believes that writing a book about the experiment is the only possible way to help him lose weight and go green. The hardest part of the endeavor is overcoming his food addiction especially when craft service has a constant buffet of everything delicious you could imagine on set. In addition to cutting calories Jeff accidentally falls into a love affair with pilates sweats with Richard Simmons and twice visits the Pritikin Longevity Center which he says is rehab for people who eat too much pizza. Larry David's rooting for him Jerry Seinfeld's plotting against him. And his wife is just plain annoyed by everything. As far as going green Jeff has always been a big recycler but he has a lot to learn. For example actor Ed Begley Jr is the guy to call if you want to reduce your environmental impact. Jeff does and it changes everything. He hopes that being healthy and green becomes a big part of who he is if not now when. **Internet Cool Guide** Internet Cool Guide GmbH, 2000 Pinpointing over 500 awesome online resources for favorite offline sports this guide covers professional teams and tours sports scores athletes weekend diversions fitness hiking gear shopping and more.
