Everything Cyd Ropp, Ph.D., 2015-03-17 A Simple Explanation of Absolutely Everything is an entirely original philosophy that shows how ancient spiritual traditions harmonize with cutting edge scientific discoveries The Simple Explanation proceeds from the fundamental idea that the ground state of creation is consciousness Using only four basic principles A Simple Explanation explains our universal cosmology as a fractal pattern of consciousness that repeats itself in endless cycles of organization and cooperation from the smallest quanta through the largest astronomical objects A Simple Explanation of Absolutely Everything gives the reader new clarity to classical spiritual concepts such as centering God and The Golden Rule while at the same time explaining new ideas like fractals and quantum entanglement This most ecumenical and inclusive philosophy is able to bridge science with world religions by making sense of esoteric passages in such diverse works as the Bible and the Tao Te Ching and relating them to one simple to understand theory of everything Back cover *Florilegium*

Words of Weedsdom Cee D, 2022-12-14 I had become the princess and the pea feeling even the smallest sensations and everything seemed to slow down around me I was aware of everything and every sound smell and movement triggered my consciousness like a factory hard wired for efficiency I was detached from reality yet still in possession of my every thought and movement This is what it was to be high As an introverted millennial growing up in the nineties being a child of divorce and mental illness made Cee D believe that self neglect and isolation would keep her family together Pursuing a nursing career which continued to focus on others at her own expense she sought psychedelic distraction from a disappointing adulthood and turned to drugs Discovering newfound wisdom or weedsdom through a sect of spirituality that she lovingly refers to as Bud dismiss the author demonstrates how psychoactive substances particularly cannabis may shed light on our traumas and can be used as a tool for self actualization and the pursuit of individual happiness Narrated with the perfect mix of humorous anecdotes and reflective wonder Words of Weedsdom combines Cee D's life changing introduction into cannabis culture with a wider commentary on the drug including its history as well as its effects on the mind and body Whether you are a cannabis user cannabis curious or a cannabis critic this candid and light hearted memoir addresses stigmatization surrounding the plant and challenges the stereotypical image of stoners portrayed in popular media
