Resources in Education ,1989-06 **Instructor** ,1967 *Breaking the Code* J. Richard Gentry,2006 If only we could understand that seemingly inexplicable moment when children suddenly get reading Then our instruction could be directed toward creating those specific circumstances which help every student recognize the pattern of meaning behind the marks on a page Now thanks to Richard Gentry s *Breaking the Code* we can In his most important book to date Gentry combines cutting edge brain based research with sound classroom knowledge to explore early literacy development Starting with the crucial interrelationship of reading and writing he looks inside and out at the minds of emerging readers to find out how they construct the idea and process of reading Then he presents a blueprint for instruction and early intervention that combines his new findings with best practice teaching His comprehensive instructional model focuses on building the specific skills capacities and experiences kids need by teaching them to write as they learn to read Gentry gives you everything you need to

implement successful beginning reading strategies as well as a variety of effective tips for supporting readers and writers throughout the primary grades Writing with the same clarity and teacher friendly approach as in his best selling The Science of Spelling Richard Gentry will show you how scientific thinking and student centered teaching can work together to create powerful literacy instructional practices Let Breaking the Code open a window for you into the minds of young readers so that you can open a window for them into a world of literate possibilities **The Hidden Academic Curriculum and Inequality in Early Education** Karen Phelan Kozlowski,2021-12-28 Drawing on a rich ethnographic study conducted in first grade classrooms in the US this book reveals the potentially invisible yet significant ways that race and social class impact student success in the earliest years of their schooling The Hidden Academic Curriculum and Inequality in Early Education How Class Race Teacher Interactions and Friendship Influence Student Success explores key differences observed between the classroom interactions and academic behaviors of racially socially and ethnically diverse first grade students Chapters offer in depth analysis of the ways in which classed and racialized coaching by families differentiated teacher student interactions and racially segregated friendships play out in the school environment and ultimately influence a child s ability to decode the academic hidden curriculum This in turn dictates a child s understanding and ability to perform the specific skills associated with academic success Ultimately the text highlights the critical need for improved understanding of how in and out of school factors impact child behaviors and offers key recommendations to prevent the perpetuation of racial and socioeconomic inequalities in schools and classrooms This insightful volume will be of particular interest to postgraduate students researchers and academics in the fields of Early Childhood Education and the Sociology of Education Those with a focus on racial ethnic and social inequalities more broadly will also find the book of interest *Grade Teacher* ,1969
