Read the story below and then answer the questions about the story

## The Fox and the Stork

At one time the Fox and the Stork were on visiting terms and seemed very good friends. So the Fox invited the Stork to dinner and for a joke put nothing before her but some soup in a very shallow dish. This the Fox could easily lap up, but the Stork could only wet the end of her long bill in it and left the meal as hungry as when she began. "I am sorry," said the Fox, "the soup is not to your liking."

"Pray do not apologize," said the Stork. "I hope you will return this visit, and come and dine with me soon." So a day was appointed when the Fox should visit the Stork; but when they were seated at the table all that was for their dinner was contained in a very long-necked jar with a narrow mouth, in which the Fox could not insert his snout, so all he could manage to do was to lick the outside of the jar.

"I will not apologize for the dinner," said the Stork: "One bad turn deserves another."

What did the Fox serve for dinner?

What did the Stork serve for dinner?

Why did the Fox serve what he served?

What is the moral of the story?

Promotion of Social Awareness Robert L. Selman, 2003-05-15 Education specialists have written volumes on the best ways to help children learn to read and write but who is helping them navigate the potentially treacherous waters of social interactions While in school to study children are also preoccupied with understanding the rules governing social relationships Issues of trust and loyalty rivalry and conflict belonging and exclusion affect all school aged children but very few lesson plans include social development skills The Promotion of Social Awareness summarizes thirty years of research on the social development of children in elementary and middle school and shows how this work has led to a series of programs that promote the social competence of children and adolescents Rich with lessons drawn from real life the book includes an in depth account of the author's partnership with an innovative program designed to help educators promote a sound ethic of

social relationships among children a case study of a teacher particularly gifted at promoting such relationships and the tale of how the author's theoretical framework fared cross culturally when exported to Iceland The Promotion of Social Awareness documents Robert Selman's efforts both as a practitioner trying to help young people develop their interpersonal skills and as a researcher attempting to understand the factors that promote or hinder social development Selman believes that getting along with others involves concrete and measurable social skills and actions that can be taught The book underlines how the science of social development has given rise to initiatives and programs that can be used in educational settings to help children get along with each other and may in the long run help prevent violence drug abuse and prejudice Unique in its marriage of theory and practice The Promotion of Social Awareness will appeal to a wide readership including developmental psychologists educators and parents
