Clinehens, 2020-06-16 What if you could use Nobel prize winning science to predict the choices your customers will make Customer and user behaviors can seem irrational Shaped by mental shortcuts and psychological biases their actions often appear random on the surface In Choice Hacking we ll learn to predict these irrational behaviors and apply the science of decision making to create unforgettable customer experiences Discover a framework for designing experiences that doesn't just show you what principles to apply but introduces a new way of thinking about customer behavior You ll finish Choice Hacking feeling confident and ready to transform your experience with science In Choice Hacking you ll discover How to make sure your customer experience is designed for what people do not what they say they ll do How to increase the odds that customers will make the right choice in any environment How to design user experiences that drive action and engagement How to create retail experiences that persuade and drive brand love How brands like Uber Netflix Disney and Starbucks apply these principles in their customer and user experiences Additional resources included with the book Access to free video Companion Course Access to exclusive free resources tools examples and use cases online Who will benefit from reading Choice Hacking This book was written for anyone who wants to better understand customer and user decision making Whether you re a consultant strategist digital marketer small business owner writer user experience designer student manager or organizational leader you will find immediate value in Choice Hacking About the Author Jennifer Clinehens is currently Head of Experience at a major global experience agency She holds a Master's degree in Brand Management as well as an MBA from Emory University's Goizueta School Ms Clinehens has client side and consulting experience working for brands like AT T McDonald's and Adidas and she's helped shape customer experiences across the globe A recognized authority in marketing and customer experience she is also the author of CX That Sings An Introduction To Customer Journey Mapping To learn more about this book or contact the author please visit [ChoiceHacking.com](http://ChoiceHacking.com)

*Neudrucke von Schriften und Karten über meteorologie und erdmagnetismus: Récit de la grande expérience de l'équilibre des liqueurs*, 1896      The A.I. Marketer Andrew W. Pearson, 2019-04-15 We seem to be living in the age of A I Everywhere you look companies are touting their most recent A I machine learning and deep learning breakthroughs even when they are far short of anything that could be touted as a breakthrough A I has eclipsed Blockchain and Crypto as the buzzword of today Indeed one of the best ways to raise VC funding is to stick AI or ML at the front of your prospectus and at the end of your website Separating fact from fiction is more important than it has ever been The A I Marketer breaks down A I machine learning and deep learning into five unique use cases sound time series text image and video and also reveals how marketing executives can utilize this powerful technology to help them more finely tune their marketing campaigns better segment their customers increase lead generation and foster strong customer loyalty Today Personalization the

process of utilizing mobile social geo location data web morphing context and even affective computing to tailor messages and experiences to an individual interacting with them is becoming the optimum word in a radically new customer intelligence environment The A I Marketer explains this complex technology in simple to understand terms and then shows how marketers can utilize the psychology of personalization with A I to both create more effective marketing campaigns as well as increase customer loyalty Pearson shows companies how to avoid Adobe s warning of not using industrial age technology in the digital era Pearson also reveals how to create a platform of technology that seamlessly integrates EDW and real time streaming data with social media content Analytical models and neural nets can then be built on both commerical and open source technology to better understand the customer thereby strengthening the brand and just as importantly increasing ROI
