Phillips, 2023-01-19 The Orange Bowl has been played 88 times since 1935. Originating as the small Festival of Palms Bowl meant to attract tourists to Miami, it has grown into a national football event watched by 16 million people. Beginning with Bucknell's first victory over Miami, this book covers each Bowl in detail, including the first game in Miami Orange Bowl stadium in 1938, Charles Bryant's breaking of the color barrier in 1955, the four national championship games of the 1980s, the move to what is now Hard Rock Stadium in the 1990s, and the new era of the Bowl as a semifinal game in the College Football Playoff. USA Today Index, 1996 *The American Midwest* Andrew R. L. Cayton, Richard Sisson, Chris Zacher, 2006-11-08 This first-ever encyclopedia of the Midwest seeks to embrace this large and diverse area, to give it voice, and help define its distinctive character. Organized by topic, it encourages readers to reflect upon the region as a whole. Each section moves from the general to the specific, covering broad themes in longer introductory essays, filling in the details in the shorter entries that follow. There are portraits of each of the region's twelve states, followed by entries on society and culture, community and social life, economy and technology, and public life. The book offers a wealth of information about the region's surprising ethnic diversity, a vast array of foods, languages, styles, religions, and customs, plus well-informed essays on the region's history, culture, and values, and conflicts. A site of ideas and innovations, reforms and revivals, and social and physical extremes, the Midwest emerges as a place of great complexity, signal importance, and continual fascination.
