**Housing in the South East** Great Britain: Parliament: House of Commons: South East Regional Committee, 2010 The South East Plan contains an annual target for new homes that provides a benchmark which can be reviewed Sub regions will have their own targets that allow local circumstances to be taken into account but the regional overview is valuable to ensure consistency and to enable review of the regional target as a whole It is important that any review of housing targets in the South East takes into account the range of numbers put forward their underlying reasons and the consequences of not meeting any decided targets The economic downturn has meant that fewer homes are being built and there are concerns that the lack of infrastructure provision alongside housing development is stopping schemes from making progress The Committee recommends that the Government review the funding mechanisms currently available for this infrastructure It feels it is important that the Homes and Communities Agency is given the resources it needs in future years The Committee also acknowledges that while focusing development on brownfield land is important to stimulate regeneration there must be care that concentrating development in such areas does not have adverse effects such as using up urban land or valuable urban greenspace The Committee also recommends that greater attention be paid to
