founded by David I in the 12th century and includes towns like Perth Aberdeen Elgin Edinburgh and Glasgow This is the first popular synthesis to be attempted of what life was like in these new communities not simply with regard to houses clothes and lifestyles but also in relation to the religious houses which played such an important part in their life the hospitals which treated the sick and the industries and trade which provided their life blood Extensive use of reconstruction illustration and photographs combine to create a vivid picture of the bustling nature and wealth of the original new towns *Farmers, Temples and Tombs* Gordon Barclay, 2005 For too long the story of this exciting period has been told using the same stone built suites mainly in the North and on Orkney It tells the story using evidence from all over Scotland from simple settlements as well as the great monuments tombs and mysterious standing stones that are still such a notable feature of today's landscape Designed throughout with colourful and detailed illustrations *Farmers Temples and Tombs* outlines in a clear and understandable way the Neolithic and Early Bronze Age in Scotland It contains in depth features on important Neolithic sites and emphasizes that what are now archaeological sites were once places where normal people lived Included in the book are specially commissioned illustrations which show how different sites might have looked as well as a list of Neolithic sites that can be visited across Scotland This book is part of a newly updated edition of the acclaimed *Making of Scotland* series produced by Historic Scotland and Birlinn which provides lively accessible and up to date introductions to key themes and periods in Scottish history and prehistory **Angels, Fools and Tyrants** Christopher Lowe, 1999 In the South of the country the local Britons living in the kingdoms of Strathclyde Rheged and Gododdin faced a new threat from the Angles of Northumbria This is the fascinating story of two of the least known peoples of early Scotland and their struggle for power the subject of ancient myths and legends and epic poetry Recent research has given new insights that challenge many of the previously accepted ideas of relations between Angles and Britons in this period This book is part of a series produced by Historic Scotland and Canongate which provides lively accessible and up to date introductions to key themes and periods in Scottish history and prehistory **Alba** Stephen T. Driscoll, Historic Scotland, 2002 Stephen Driscoll explores a period of revolution in Scotland which established a new nation Topics cover the royal palaces and burial sites of the kings of Strathclyde and the great inaugurations of Scone in an age of pageantry power and ambition Surviving in Symbols M. O. H. Carver, 1999 This study of the Picts aims to clarify the debate over their provenance influence and eventual disappearance as they were subsumed into the greater Scottish ethnic mix with the arrival of the Vikings It forms part of *The Making of Scotland* series *The Sea Road* Olwyn Owen, 1999 First and foremost the Vikings were travellers the lords of the sea At the centre of their great sea kingdoms lay Scotland They settled in Galloway seized the capital of the kingdom of Strathclyde and fatally weakened the Kingdom of the Picts But it was in the north that their influence endured and even today the visitor to Orkney and Shetland enters a Scandinavian Scotland **Saints and Sea-kings** Ewan Campbell, 1999 The kingdom of Dal Riata flourished for a few brief centuries but the legacy of that period is profound According to legend

the Irish king Fergus Mor arrived on the shore of Argyll around AD 500 and founded Dal Riata the first kingdom of the Scots New research now challenges this traditional account of Irish colonization of western Scotland However it arose this small kingdom held an important place in the artistic intellectual and political life of north western Scotland Artistic achievements such as the Book of Kells and the magnificent Iona stone crosses are some of the world s great works of art The reputation of the early Christian monks such as Columba and Domnan spread across Europe as the monastery at Iona became one of the major centers of learning
