Seven Days Of Man:

The Lancet ,1889 Number in Scripture E.W. Bullinger,2015-04-22 Unlock the hidden codes woven into the fabric of the Bible with E W Bullinger s groundbreaking work Number in Scripture In this illuminating exploration Bullinger reveals that numbers are more than mere mathematical symbols they carry profound spiritual significance From the sacred seven to the mystical forty each number tells a story a thread connecting the earthly to the heavenly Discover how numbers serve as prophetic markers pointing to God s unfolding plan Whether you re a theologian a seeker or simply curious Bullinger s insights will forever change how you read the Bible **Sepher Yetzirah, the Book of Formation, and the Thirty Two Paths of Wisdom** ,1893 The Catechism Explained Francis Spirago,1899 This Catechism is divided into three parts The first part treats of faith the second of morals the third of the means of grace In the first part Our Lord appears in His character of Teacher in the second in His character of King and in the third in His character of High Priest And since this Catechism proposes as its primary object to answer the question for what purpose are we here upon earth thereby emphasizing and giving prominence to man s high calling and destiny it is especially suited to the present day when the pursuit of material interests self indulgence and pleasure engrosses the attention of so many This Catechism is in fact nothing more nor less than an abstract of Our Lord s teaching and may be called a guide book for the Christian on the road to heaven Preface **The Standard** ,1894 **Awards ...
