Sex Matters:

Sex Matters Holly Lawford-Smith, 2023-06-22 Sex Matters addresses a cluster of related questions that arise from the conflict of interests between rights based on sex and rights based on gender identity Some of these questions are theoretical including who has the more ambitious vision for women s liberation gender critical feminists or proponents of gender identity How does each understand what gender is What are the arguments for the refrain that trans women are women and do they succeed Other questions taken up in the book are more applied to specific issues in law and policy including should there be a right to exclude people who are biologically male from women only spaces How do the interests of all stakeholders to bathrooms in particular trade off when it comes to moving from sex to gender identity as the basis for self inclusion If we think about types of transition or gatekeeping requirements on transition as providing assurance to women who are asked to accept the opening up of women only spaces to transwomen are any such assurances sufficient Is TERF a slur as some radical and gender critical feminists have claimed And finally is gender critical speech hate speech as it has been classified by some social media platforms or at least harmful speech Holly Lawford Smith discusses these issues in a series of essays all but one of them previously unpublished She takes an analytic philosophical approach to these issues drawing on ideas from political philosophy philosophy of biology and philosophy of language as well as second wave feminist theory and empirical literature to defend a gender critical position in response to all of these questions **Spektrum Kompakt - Sex matters**

Sex Matters Osho, 2003-07-11 One of the greatest spiritual thinkers of the twentieth century explores the physical and emotional intimacies of men and women in Sex Matters Sex to Superconsciousness Sex matters to us all The Osho approach to sex begins with an understanding of how important love is in our lives while at the same time acknowledges that the journey into love cannot exclude our innate biological energies With this perspective it becomes clear that the tendency for religions and for society in general to associate sex with sin and morality has been a great misfortune Sex Matters begins by deconstructing the layers of sexual repression that the condemnation of sex has inflicted on humans Throughout the book in response to questions about everything from jealousy to premature ejaculation the role of intimacy and the differences between men and women Osho proposes a vision that embraces sex as a fundamental gift from nature We learn how orgasm offers a glimpse of timelessness thoughtlessness and pure awareness biology s way of pointing toward the consciousness that helps us to understand ourselves Finally we are

presented with a clear choice a repressed sexuality that leads to pornography perversion and a stunted humanity or a playful respectful and relaxed innocence that supports us in becoming fulfilled and whole as nature intended Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

Sex Matters Mona Charen, 2018-06-26 Author of the New York Times bestseller *Useful Idiots* and popular columnist Mona Charen takes a close reasoned look at the aggressive feminist agenda undermining the success and happiness of men and women across the country In this smart deeply necessary critique Mona Charen unpacks the ways feminism fails us at home in the workplace and in our personal relationships by promising that we can have it all do it all and be it all Here she upends the feminist agenda and the liberal conversation surrounding women s issues by asking tough and crucial questions such as Did women s full equality require the total destruction of the nuclear family Did it require a sexual revolution that would dismantle traditions of modesty courtship and fidelity that had characterized relations between the sexes for centuries Did it cause the broken dating culture and the rape crisis on our college campuses Did it require war between the sexes that would deem men the enemy of women Have the strides of feminism made women happier in their home and work life The answer is No *Sex Matters* tracks the price we have paid for denying sex differences and stoking the war of the sexes family breakdown declining female happiness aimlessness among men and increasing inequality Marshaling copious social science research as well as her own experience as a professional as well as a wife and mother Mona Charen calls for a sexual ceasefire for the sake of women men and children

Why Sex Matters Bobbi S. Low, 2015-01-04 Why are men like other primate males usually the aggressors and risk takers Why do women typically have fewer sexual partners In *Why Sex Matters* Bobbi Low ranges from ancient Rome to modern America from the Amazon to the Arctic and from single celled organisms to international politics to show that these and many other questions about human behavior largely come down to evolution and sex More precisely as she shows in this uniquely comprehensive and accessible survey of behavioral and evolutionary ecology they come down to the basic principle that all organisms evolved to maximize their reproductive success and seek resources to do so but that sometimes cooperation and collaboration are the most effective ways to succeed This newly revised edition has been thoroughly updated to include the latest research and reflect exciting changes in the field including how our evolutionary past continues to affect our ecological present
