## **Sex Crimes Investigation:**

*Sex Crimes Investigation* Robert L. Snow, 2006-04-30 No one wants to be robbed at gunpoint or have his car stolen or his house robbed When these crimes happen victims may feel angry afraid or violated But there is no violation quite so devastating as sexual assault Victims do not recover easily either emotionally psychologically or physically from such incidents and the long term impact can have devastating effects on the victims their families and communities Investigating sexually based crimes is particularly difficult for many reasons Often the collection of evidence requires a medical examination of the victim a second violation of sorts Police must interview the victim who must recount his or her assault Often the victims are children and offenders range from family members to perfect strangers But investigating and prosecuting these crimes is crucial to the healing process of many victims and to the safety of society at large Detective Snow takes readers on a tour of the ways in which the police investigate and help prosecute such crimes Each chapter begins with a real life incident and throughout the book real stories are used to illustrate each step in the process Snow addresses the processing of the crime scene the collection of evidence the development of suspects the questioning of witnesses and perpetrators and the preparation for trial Few members of the public have any idea how complex and delicate the investigation of sex crimes really is This book sheds light on this important police work and helps readers understand how these crimes are investigated solved and prosecuted Victims and their families will especially benefit from the information in this book but all readers will gain insight into the crimes their incidence their impact on victims and the way the criminal justice system responds from the scene of the crime through the capture and incarceration of the perpetrators *The Complete Guide to Sex Crimes Investigations* Det. John J Baeza NYPD, 2021-11-17 The Complete Guide to Sex Crimes Investigations will take the newest to the most experienced investigator through an entire sex crimes case from the initial call to the police to the prosecution in court to the avoidance of wrongful convictions The proven investigative procedures explained in this book are taken from real life investigations during the author s time spent investigating sex crimes and serial rapes with the NYPD s Manhattan Special Victims Squad *Criminal Investigation for the Professional Investigator* BCPI, CLI, Warren J. Sonne, 2006-01-13 Aimed at the busy professional who aspires to become certified in the field Criminal Investigation for the Professional Investigator details essential techniques a trained investigator will be called upon to perform during the course of a career The book is authored by a veteran of the NYPD who went on to launch and operate two successful private investigation agencies It covers crime scenes death investigations the art of interrogation and specific criminal investigations It also provides important strategies for making arrests and testifying in courtrooms details the most effective investigative tools to use and explains the role of criminal defense investigators **Criminal Investigations of Sexual Offenses** Nadine Deslauriers-Varin, Craig Bennell, 2021-11-22 It is startling to read how few sexual offenses are reported in a year even more shocking to see how few reports lead to an arrest Research on effective responses to sexual

offenses is much needed and ongoing This edited book presents the current state of research on investigative techniques used in sex crime investigations and the operational challenges and issues that arise in these investigations Including an international cohort of scholars from various academic backgrounds it reviews current efforts in key areas synthesizing the research to make recommendations for the improvement of investigative practices and the criminal justice system s response to sexual offenses Each chapter includes a brief introduction to the topic a review of the research and a discussion of the key points relevant to investigators and researchers as they move forward The book is broken down into four themes suspect prioritization and identification techniques investigative interviewing operational challenges and issues and the investigation of specific types of sex crimes With its broad coverage and international scope this volume fills the gap in knowledge for investigators working on sex crimes cases With its easy to read style and clear analysis of the research this is the perfect volume for investigators and law enforcement officers policy makers and researchers and students in criminology and criminal justice forensic psychology and victim services
