Seven Types Of Ambiguity:

Seven Types of Ambiguity William Empson, 1966 Examines seven types of ambiguity providing examples of it in the writings of Shakespeare Wordsworth and T S Eliot *Seven Types of Ambiguity. William Empson. 3rd Edition* William Empson, 1953 **Seven Types of Ambiguity** William Empson, 1957 **Seven Types of Ambiguity**, 1961 **Seven Types of Ambiguity. (Third Edition.)**. William Empson, 1961 *The Characters of Elijah and Elisha and the Deuteronomic Evaluation of Prophecy* Roy L. Heller, 2018-01-11 Roy L Heller looks at the prophets Elijah and Elisha in the books of Kings charting a two fold characterization that portrays these prophetic figures in both positive and negative lights In the narratives of Kings Elijah and Elisha often parallel other prophetic figures from Israel s history they perform miraculous signs they speak in the name of God and they pronounce judgments upon the nation of Israel for its idolatrous worship There are however other stories which have troubled readers and scholars alike Elijah s cowardly running from the threats of Jezebel his self pitying complaint to God that he was the only true Israelite left and Elisha s cursing a group of little boys who in turn are slaughtered by two female bears Scholars have traditionally ignored or belittled the negative stories of the prophets seeing them as either late additions to the biblical text or as minor unimportant stories that can easily be dismissed Heller however argues that the dual characterization of Elijah and Elisha reflects an ambivalent attitude that the narrator of Kings has toward prophecy as a whole an attitude that is reflected in the book of Deuteronomy itself This forces readers of the biblical text to pose the question how may Israel best know and follow God The stories of Elijah and Elisha make the answer clear the words and lives of the prophets are a possible way for God to reveal how Israel is to live but those words and lives must always be considered with a degree of suspicion and must always be evaluated in light of the clear and straightforward teaching of Deuteronomy **Seven Types of Ambiguity** Arthur J Graham, 1981 **The Middle Way: "seven Types of Ambiguity" and the Critics** Joan Diver McCoy, 1987 *Eliot's Book of Bookish Lists* Henry Eliot, 2022-10-06 Who had birds called Death Wigs and Spinach How do you spell the noise of a door slamming Whose working title was The Chronic Argonauts Henry Eliot author editor and insatiable bookworm has ransacked the libraries and archives of world literature compiling hundreds of bookish lists This eclectic gallimaufry showcases his favourites we witness the tragic ends of the Ancient Greek tragedians learn the name of George Orwell s pet cockerel and rummage through Joan Didion s travelling bag we consider the history of literary fart jokes orbit the Shakespearean moons of Uranus and meet several pigs with wings From the sublime to the ridiculous and everything in between Eliot s lists recommendations and nuggets of trivia will delight inspire and surprise anyone who loves reading Beautifully presented with supplementary maps and illustrations Henry Eliot s Book of Bookish Lists is the essential gift for book lovers **Why Are Our Pictures Puzzles?** James Elkins, 2004-11-23 With bracing clarity James Elkins explores why images are taken to be more intricate and hard to describe in the twentieth century than they had been in any previous century Why Are Our Pictures Puzzles uses three

models to understand the kinds of complex meaning that pictures are thought to possess the affinity between the meanings of paintings and jigsaw puzzles the contemporary interest in ambiguity and levels of meaning and the penchant many have to interpret pictures by finding images hidden within them Elkins explores a wide variety of examples from the figures hidden in Renaissance paintings to Salvador Dali's paranoiac meditations on Millet's Angelus from Persian miniature paintings to jigsaw puzzles He also examines some of the most vexed works in history including Watteau's meaningless paintings Michelangelo's Sistine Ceiling and Leonardo's Last Supper

Seven Types of Ambiguity Elliot Perlman, 2005 Frustrated by years of unrequited love an unemployed school teacher takes matters into his own hands with unexpected repercussions in a story told by six different narrators whose lives have become entangled with one another *The Language of Literature and its Meaning* Ashima Shrawan, 2019-04-23 There is a marked awareness about the language of literature and its meaning both in Indian and Western aesthetic thinking The aestheticians of both schools hold that the language of literature embodies a significant aspect of human experience and represents a creative pattern of verbal structure to impart meaning effectively Modern Western aesthetic thinking which includes theories like formalism new criticism stylistics structuralism post structuralism deconstruction discourse analysis semiotics and dialogic criticism in one way or another emphasizes the study of the language of literature in order to understand its meaning Similarly there is a distinct focus on the language of literature and its meaning in Indian literary theories which include the theory of rasa aesthetic experience ala k ra the poetic figure r ti diction dhvani suggestion vakrokti oblique expression and aucitya propriety This book explores how the language of literature and its meaning have been dealt with in both Indian and Western aesthetic thinking In doing so the study concentrates on Kuntaka's theory of vakrokti and nandavardhana's theory of dhvani in Indian aesthetic thinking and Russian formalism and deconstruction in Western thinking The book categorically focuses on the intersection between the theory of vakrokti and Russian formalism and the meeting point between the theory of dhvani and deconstruction

Being of Two Minds Jonathan Goldberg, 2022-09-20 Being of Two Minds examines the place that early modern literature held in Modernist literary criticism For T S Eliot Virginia Woolf and William Empson the early modern period helps model a literary future At stake in their engagements across time were ontological questions about literature and its ability to mediate between the one and the many the particular and the general life and death the past and the present If reading and writing literature enables the mind to be in two places at once creative experience serves as a way to participate in an expanded field of consciousness alongside mortality Goldberg reads the readings that these modernists performed on texts that Eliot claimed for the canon like the metaphysical poets and Jacobean dramatists but also Shakespeare Milton Montaigne and Margaret Cavendish Ontological concerns are reflected in Eliot's engagement with Aristotle's theory of the soul and Empson's Buddhism These arguments about being affect minds and bodies and call into question sexual normativity Eliot glances at a sodomitical male male mode of literary transmission Woolf produces a Judith Shakespeare to model androgynous being Empson refuses to

distinguish activity from passivity to rewrite gender difference The work of one of our leading literary and cultural critics Being of Two Minds spans centuries to show how the most compelling and surprising ideas about mind experience and existence not only move between early modernity high modernism and our own moment but are also constituted through that very movement between times and minds Ästhetik der Ambiguität Christoph Bode,1988 **The Rift in the Lute** Maximilian De Gaynesford,2017 What is it for poetry to be serious and to be taken seriously What is it to be open to poetry attuned to what it says alive to what it does These questions call equally on poetry and philosophy but poetry and philosophy have an ancient quarrel Maximilian de Gaynesford converts their mutual antipathy into something mutually enhancing

Die moderne englische Lyrik Horst Oppel,1967 **William Empson** Cicely Palser Havely,1976 **Seven Types of Ambiguity** William Empson,1949 *Das Gedicht als Einübung* Horst Meller,1974 **Wittgenstein, Kraus, and Valéry** Luis Miguel Isava,2002 This book attempts to establish a paradigm for the way language works that is means and creates meaning in contemporary Western poetry The model is developed from a rereading of Ludwig Wittgenstein s theory of language a rereading that is complemented with Karl Kraus s conception of language creation and Paul Valéry s theories of poetry and language The implications of the paradigm are then explored from several perspectives the process of writing and reading the mechanisms of language combination the ideational content of its crystallizations meanings and their materiality as linguistic objects As a result the paradigm allows us to understand the philosophical import of poetry as a form of life inextricably attached to the signifying mechanisms of language
