Seven Months To Dday An American Regiment In Dorset:

Seven Months to D-Day Robin T. Pearce, 2000-10-01 **1944 We Were Here: African American GIs in Dorset** Louisa Adjoa Parker, 2013 Destination Normandy G. H. Bennett, 2006-11-30 Bennett collects oral histories from men of three United States regiments that participated in the invasion of Normandy on June 6 1944 The 507th Parachute Infantry Regiment was the most widely scattered of the American parachute infantry regiments to be dropped on D Day However the efforts of 180 men to stop the advance of an SS Panzer Grenadier division largely have been ignored outside of France The 116th Infantry Regiment received the highest number of casualties on Omaha Beach of any Allied unit on D Day Stationed in England through most of the war it had been the butt of jokes while other regiments did the fighting and dying in North Africa and the Mediterranean that changed on June 6 1944 And the 22nd Infantry Regiment a unit that had fought in almost every campaign waged by the U S Army since 1812 came ashore on Utah Beach quite easily before getting embroiled in a series of savage fights to cross the marshland behind the beach and to capture the German heavy batteries to the north Each participant s story is woven into the larger picture of the assault allowing Bennett to go beyond the largely personal viewpoints yielded by traditional oral history but avoiding the impersonal nature of studies of grand strategy In addition to the interviews and memoirs Bennett collected he also discovered fresh documentary evidence from American British and French archives that play an important part in facilitating this new approach as well as archives in Britain and France The author unearths new stories and questions from D Day such as the massacre of soldiers from the 507th at Graignes Hemevez and elsewhere This new material includes a focus on the regimental level which is all but ignored by historians while still covering strategic tactical and human issues His conclusions highlight common misperceptions about the Normandy landings Questions have already been raised about the wisdom of the Anglo American amphibious doctrine employed on D Day In this study Bennett continues to challenge the assumption that the operation was an exemplary demonstration of strategic planning *The 16th Infantry, 1861-1946* United States. Army. Infantry Regiment, 16th, 1999 *The Dorset Regiment: the 39th/54th Regiment of Foot* Hugh Popham, 1970 The Dorset Regiment was formed in 1881 by the linking of the 39th Dorsetshire Regiment of Foot and the 54th West Norfolk Regiment of Foot *A Machine Gunner's War* Ernest Albert Andrews, David B. Hurt, 2022-06-20 A machine gunner chronicles his time on the frontlines of WW2 from D Day to the Battle of the Bulge and the Wehrmacht s last stand American machine gunner Ernest Andy Andrews arrived in the UK just before deploying to fight in D Day Struck by a bullet in Normandy he was evacuated to England before returning to participate in the race across France Andy s squad defended a bunker in the Siegfried Line and fought its way through the Hurtgen Forest to take Hill 232 When the Germans attempted to retake the hill Andy faced his toughest battle and suffered a shoulder wound Andy rejoined his company in time to fight in the Battle of the Bulge and the Rhine campaign and in Germany s Harz Mountains where the Wehrmacht was trying to organize a last stand Andy s outfit ends the war fighting in Czechoslovakia

where Andy witnesses the German surrender Following occupation duty Andy returned to the States in October 1945 The war shaped Andy s postwar life in countless ways and in 1994 Andy made the first of three return visits to the European battlefields where he had fought This vivid firsthand account takes the reader along from Normandy to victory with Andy and his machine gun crew

Notes & Queries for Somerset and Dorset ,1960 **Fellowship of Dust** William Shaw,2021-09-28 I began this project for personal reasons my uncle had made an enormous personal sacrifice for his family and his country yet because of his silence no one in my family ever fully knew what he endured As the last living relative who knew him I felt a responsibility to rescue his story from the shadows before it disappeared forever and to preserve it as a source of pride for my family and me But a second reason for telling my uncle s story materialized as I assembled the details of his journey I came to realize that while many GIs experienced extensive combat operations or the trials of being held in a POW camp very few men survived the amount of combat my uncle experienced and six months in a POW camp Frank s five year wartime journey which included three monumental amphibious invasions six major battle campaigns and six months in three different POW camps was breathtaking in scope The odds against his surviving all this or being seriously wounded out of the war are almost incalculable Despite the unusual scope of Sergeant Shaw s tour of duty his day to day adventures are quite typical of what tens of thousands of combat infantrymen experienced during WWII To that extent the character who emerges in this story is a composite or representative figure an American Odysseus whose mission of extraordinary historical significance requires

him to define himself through trial suffering courage and perseverance before he returns home in triumph But the similarity ends at the triumphant return Earlier civilizations celebrated their returning warriors at ceremonial feasts These men were expected to show their wounds and relate their adventures to their countrymen so bards might record them for posterity Such rituals insured the warrior a rightful place in history enshrined his virtues and shed his reflected glory on his community No such salutary ritual greeted a battered Frank Shaw when he returned from the war no one saw his wounds or took his testimony And his silence consigned his deeds to the shadows of time and dimming memory But the ancient customs were correct the hero's deeds are not his alone They are his legacy to his family and his country and they deserve to be honored not shrouded Therefore since Sergeant Frank Shaw like so many of his World War II comrades in arms would not and did not tell his story I did Book Review 1 Col Brian H Cundiff USA Ret editor Blue Spader Newsletter I have just finished reading Fellowship of Dust Retracing the World War II Journey of Sergeant Frank Shaw The book was written by Bill Shaw his nephew with a foreword by General Paul Gorman USA Ret Sergeant Shaw served in Company E of the 26th Infantry for five years and survived the horrors of Europe under austere conditions This is a story that needs to be told and is a must read for all Blue Spaders They were truly the Greatest Generation Blue Spader Newsletter Book Review 2 As the foreword said this is a story that deserved to be told Much more than a biography of a courageous soldier in WW II while focusing on the author's uncle Frank Shaw this book vividly captures the horrors of war the emotions surrounding the battles that young men in Frank Shaw's infantry regiment were forced into their fears day by day per the dangers they encountered and the physical and emotional hardships and scars the war the frontline and POW experiences left as a result Having written the book after the subject's death Bill Shaw must have done an incredible amount of research reading letters e mailing old friends interviewing family friends and colleagues piecing in facts from numerous books newspapers and magazines etc to produce such a comprehensive very readable story This was obviously a labor of love and gratitude the author's dedication to a real hero The writing is very even and compelling with interesting relevant details helpful dialogue and scenes of real action and danger I was very moved by this book Writer's Digest [Journal of the American Geographical Society of New York](#) ,1885
