Seventeen Farrington Way Lawrence Henry Bank, 1988 *Forthcoming Books* Rose Arny, 1989-05 *A Bit of a Fool* Sir Robert Peel (4th bart.), 1897 **A Handbook for Evidence-Based Juvenile Justice Systems** James C. Howell, Mark W. Lipsey, John J. Wilson, 2014-06-18 This handbook promotes a comprehensive strategy founded on evidence based programming for juvenile justice systems to adopt or enhance their current system The comprehensive strategy is supported strongly by the broad research base that is now available This strategy recognizes first that a relatively small proportion of the juveniles who initially enter the juvenile justice system will prove to be serious violent or chronic offenders but that group accounts for a large proportion of the overall amount of delinquency An important component of a comprehensive evidence based juvenile justice system therefore is distinguishing these offenders from others and focusing attention and resources on that smaller group Second a comprehensive strategy recognizes that serious violent or chronic delinquency emerges along developmental pathways that progress from less to more serious profiles of offending Priority must be given to interrupting these offender careers by calibrating the level of supervision and control of the juveniles behavior to their level of risk The third major component of a comprehensive strategy therefore is effective intervention programs that are capable of reducing the recidivism of those juveniles at risk for further delinquency The Comprehensive Strategy for Serious Violent and Chronic Juvenile Offenders is an administrative framework that supports a continuum of services that parallel the development of offender careers This framework emphasizes evidence based programming specifically on recidivism reduction and supports protocols for developing comprehensive treatment plans that match effective services with offender treatment needs along the life course of delinquent careers as they move from intake onward to probation community programs confinement and reentry Juvenile justice systems will benefit from incorporation of a comprehensive strategy as provided in the handbook
