## **Sex And Politicians Affairs Of State:**

*Politics, Transgression, and Representation at the Court of Charles II* Julia Marciari Alexander, Catharine MacLeod, 2007 This volume brings together ten distinguished scholars of history literature music theatre and art to explore the political and cultural implications of the court's transgressive new character

**Sex, Politics and Society**, 2014-05-22 A pioneering study which has become an established classic in its field *Sex Politics and Society* provides a lucid and comprehensive analysis of the transformations of British sexual life from 1800 to the present These changes are firmly located in the wider context of social change from industrialization and the experience of Empire through the establishment of the welfare state to the rise of new social movements such as feminism and gay liberation and new forms of social conservatism Now fully revised and updated and with a new chapter bringing the story right up to date this new edition considers the transformation of the sexual world through globalization and the internet the changing impact of the AIDS pandemic over the last thirty years the influence of new currents in social and cultural theory on the study of sexuality the gradual depoliticization and mainstreaming of sexuality within historical study Combining rich empirical detail with innovative theoretical insights *Sex Politics and Society* remains at the cutting edge of the subject and this third edition will inspire and provoke a whole new generation of readers in history sociology social policy and the study of sexuality

**Catherine the Great: Art, Sex, Politics** Herbert T. Altenhoff, 1975 *Sex and Politicians* Kerry Segrave, 1990 *Sex, politics and empire* Richard Phillips, 2018-02-01 Colonial governments institutions and companies recognised that in many ways the effective operation of the Empire depended upon sexual arrangements For example nuclear families serving agricultural colonization and prostitutes working for single men who powered armies and plantations mines and bureaucracies For this reason they devised elaborate systems of sexual governance such as attending to marriage and the family However they also devoted disproportionate energy to marking and policing the sexual margins In *Sex Politics and Empire* Richard Phillips investigates controversies surrounding prostitution homosexuality and the age of consent in the British Empire and revolutionises our notions about the importance of sex as a nexus of imperial power relations

*Morality Politics in American Cities* Elaine B. Sharp, Yvette M. Alex-Assensoh, 2005 Topless bars casino gambling needle exchange programs for drug addicts there's no question morality issues remain front and center in urban politics Presenting a systematic analysis of culture war issues at the local level Elaine Sharp shows how American cities deal with these ongoing concerns Drawing on a sample of ten strategically chosen cities she explains differences in how municipalities respond to controversies surrounding sex business abortion clinics legalized gambling gay rights and drug use By analyzing the relative importance of subculture economics and institutional arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues Far more than a statistical study *Morality Politics in American Cities* is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly

informative case studies that will captivate students and interested citizens alike Mayors public health directors activists and others speak their minds about the pros and cons of these controversies Here are officials in one city confronting the Vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs These stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues They also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues Overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are more important than previously thought in terms of morality issue decisions As provocative as it is informative *Morality Politics in American Cities* demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve Its conclusions however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define American politics

**Sex & Gender** Mary Jo Iozzio, Patricia Beattie Jung, 2017 The field of sexual ethics is widely studied in graduate school religion programs and seminaries but lacks a definitive resource for the classroom This teacher friendly anthology aims to fill that gap Featuring nine of the most important essays on the subject all of which have appeared in the *Journal of the Society of Christian Ethics* or its predecessor the *Annual of the Society of Christian Ethics* this collection covers a wide range of topics same sex marriage sexual minorities and biblical interpretation sex and power sexual harassment and sexual abuse HIV AIDS and prevention strategy the military and masculinities mobile porn and sexting human trafficking moral discernment and more Contributors represent a broad range of theological traditions and draw on scriptural texts as well as such disciplines as philosophy and sociology and psychology and the life sciences Each chapter includes reflection questions and suggestions for further reading and the book includes an index ABC Pol Sci ,2000 Senate documents ,1889 **Culture Wars and Local Politics** Elaine B. Sharp, 1999 This collection offers alternative explanations of local actions with a focus on conflict It features examples of experiences selected from various cities It examines how the responses of local governments to specific issues are influenced by such factors as political culture and institutions Canadian Periodical Index ,1997

Metropolitan Desires, Utopian Practices Scott Morgensen, 2001 **History of Women in the United States: Domestic relations and law** Nancy F. Cott, 1992 *CSA Political Science & Government* ,2004 **The American Journal of Politics** ,1894 **General Catalog -- University of California, Santa Cruz** University of California, Santa Cruz, 1993 **Third World Women and the Politics of Feminism** Chandra Talpade Mohanty, Ann Russo, Lourdes Torres, 1991 This book presents provocative analyses of the simultaneous oppressions of race class gender and sexuality as well as the role that imperialism plays in the productions of knowledge and of persons a powerful collection **The**

**Saturday Review of Politics, Literature, Science and Art** ,1870      *The Supreme Court in American Politics* Howard Gillman, Cornell W. Clayton, 1999 For decades political scientists studying the Court have adopted behavioral approaches and focused on the relatively narrow question of how the justices policy preferences influence their voting behavior This emphasis has illuminated important aspects of Supreme Court politics but it has also left unaddressed many other important questions about this unique and fascinating institution Drawing on the new institutionalism in the social sciences the distinguished contributors to this volume attempt to fill this gap by exploring a variety of topics including the Court s institutional development and its relationship to broader political contexts such as party regimes electoral systems social movements social change legal precedents political identities and historically evolving economic structures The book s initial chapters examine the nature of the Court s distinctive norms as well as the development of its institutional powers and practice A second section relates the development of Supreme Court politics to the historical development of other political institutions and social movements Concluding chapters explore how its decision making in particular areas of law or periods of time is influenced by and influences its socio political milieu These contributions offer provocative insights regarding the Court s role in maintaining or disrupting political and economic structures as well as social structures and identities tied to ideology class race gender and sexual orientation *The Supreme Court in American Politics* shows how we can develop an enriched understanding of this institution and open up exciting new areas of research by placing it in the broader context of politics in the United States      A Hand-book of Politics for ...
