## **Shortcuts Accidental Detectives:**

**The Accidental Detective and other stories: Short Story Collection** Laura Lippman, 2012-06-07 Nine deliciously dark funny and twisted short stories from one of America's top crime writers EXCLUSIVE EBOOK EDITION ALSO INCLUDES A FREE EXTRACT FROM LAURA'S FORTHCOMING NOVEL THE INNOCENTS      **Short Cuts** Sigmund Brouwer, 1995-04 A collection of stories featuring twelve year old Ricky Kidd and some of the lessons he has learned about life      Evaluation of the New York City Police Department Firearm Training and Firearm-Discharge Review Process Bernard D. Rostker, Lawrence M. Hanser, William M. Hix, Carl Jensen, Andrew R. Morral, 2008-06-09 In January 2007 New York City Police Commissioner Raymond W. Kelly asked the RAND Corporation to examine the quality and completeness of the New York City Police Department's firearm training program and identify potential improvements in it and in the police department's firearm discharge review process This monograph reports the observations findings and recommendations of that study

**Constructing Meaning** Joyce Bainbridge, Grace Malicky, 2000 This text introduces all aspects of language arts instruction while emphasizing the integration and interdependence of each element reading writing speaking and listening Topical coverage includes language development and emerging literacy the teaching of reading and writing the role of drama and children's literature in the classroom and methods of assessment      **Children's Books in Print, 2007**, 2006

**Shortcuts** Sigmund Brouwer, 2005 A collection of stories featuring twelve year old Ricky Kidd and some of the lessons he has learned about life      **Routledge International Handbook of Police Ethnography** Jenny Fleming, Sarah Charman, 2023-01-31 Ethnography has a long history in the humanities and social sciences and has provided the base line in the field of police studies for over 60 years We have recently witnessed a resurgence in ethnographic practice among police scholars and this Handbook is a response to that revival Students and academics are returning to the ethnography arena and the study of police in situ to explain the evocative worlds of the police The list of ethnographic sites is vast and all have fed the rejuvenation of ethnographic endeavour Together they suggest innovation theoretical depth broad geographical boundaries multi site experiments and multi disciplinarity all of which are central to the exploration of police and policing in the twenty first century This Handbook encapsulates the revival of police ethnography by exploring its multidisciplinary field and cataloguing the ongoing ethnographic work It offers an original and international contribution to the field of police studies and research methods providing a comprehensive and overarching guide to police ethnography We see the previous classics in every page and still note the influence of the early ethnographers At the same time we see the innovative breadth and diversity of these narratives The aim of this Handbook is to highlight the mosaic that is police ethnography at a point in time and note with pleasure its contribution to the field once more Ethnography may be messy difficult and at times uncooperative but its results offer a unique insight into the perspectives of people and organisations that can hide in plain sight An accessible and compelling read this Handbook will provide a sound and essential reference source for academics

researchers students and practitioners engaged in police and criminal justice studies      Policing and Human Rights Julia Hornberger, 2011-10-21 *Policing and Human Rights* analyses the implementation of human rights standards tracing them from the nodal points of their production in Geneva through the board rooms of national police management and training facilities to the streets of downtown Johannesburg This book deals with how the unprecedented influence of human rights combined with the inability by police officers to live up to international standards has created a range of policing and human rights vernaculars hybrid discourses that have appropriated transmogrified and undercut human rights Understood as an attempt by police officers as much as by the police as a whole to recover a position from which to act and to judge these vernaculars reveal the compromised ways in which human rights are and are not implemented Tracing how in South Africa human rights have given rise to new forms of popular justice informal private policing and provisional security arrangements *Policing and Human Rights* delivers an important analysis of how the dissemination and implementation of human rights intersects with the post colonial and post transformation circumstances that characterise many countries in the South

*Police and Policing Law* Jeannine Bell, 2006 This collection of essays focuses on law and society research examining how police manage the job put to them and the extent to which the law figures in what they do In step with law and society scholarship many of the articles are empirical explorations of the ways in which law enforcement works on the ground in a variety of policing contexts ranging from patrol to police interrogation      Shortcut to Hell Paul Kitololo, 1983      The Judge on the Screen Vincenzo Tomeo, 2024-12-15 Vincenzo Tomeo's pioneering research in the 1960s and 1970s drew attention to the importance of popular culture in our understanding of the operation of the justice system He was the first to recognize that how laws are interpreted and put into effect depends heavily on how the public understand them This understanding comes from the ideas and understanding which the public have about the justice system These ideas in an era of mass popular culture come largely from film In his groundbreaking research he examined how judges and the police were viewed in popular film He also stressed the importance of popular culture as opposed to classical accounts of law and justice and showed how these meshed with law and justice on film *The Judge on the Screen* preceded the attention paid to popular culture by over a decade and provided empirical data some thirty years before any such work was carried out by Anglo American and other European scholars This classic work now appears for the first time in an English translation with additional supporting materials      Cleopatra's Nose, the Twinkie Defense & 1500 Other Verbal Shortcuts in Popular Parlance Jerome Agel, Walter D. Glanze, 1990      *Reasons to Doubt* Carolyn Hoyle, Mai Sato, 2019-01-10 This book reveals what happens to applications for post conviction review when those in England Wales and Northern Ireland who believe they are wrongfully convicted apply to the Criminal Cases Review Commission the only body that can refer a case back to the Court of Appeal once appellants opportunities for direct appeal are exhausted While the Court is obliged to hear all such referrals the Commission can only refer a case where it believes there is a real possibility that the Court will quash the

conviction The first empirical study of all stages of decision making within the Commission this book starts from the premise that the test applied by the Commission the real possibility test is not inflexible Though created by statute and refined through case law it must be determined on a case by case basis drawing too on cultural and structural variables alongside fresh evidence gathered by the Commission Through in depth analysis of case files and interviews Hoyle and Sato scrutinize the Commissions operational practices its working rules and assumptions considering how these influence its understanding of the real possibility test Situating their rich empirical data within a framework of the Commissions social organizational and legal contexts this book demonstrates that in its open ended investigations there is considerable scope for discretion for thorough exploration of all possible avenues or for choosing a more superficial consideration of a case It emerges that while structured internal guidance drawing heavily on Court jurisprudence shapes decision making creating consistency in approach there remains some variability across cases over time that can be accounted for by the different professional backgrounds and personalities of Commission staff
