Social & Public Policy of Alzheimer's Disease in the United States Robert H. Blank,2018-06-13 This book focuses on the public policy and political dimensions of Alzheimer s Disease and other dementias AD D in the United States with coverage of the global dimensions and relevant examples from other countries Starting off with a discussion on the characteristics of AD D and competing theories of their causes their human and financial costs and the increasing burden they place on all societies as populations age the book examines in detail the range of policy issues they raise These include funding policies payment policy and regulatory functions long term services and support LTCS public health and prevention policies The book analyses the big business surrounding AD D and shows that the strong public fear of developing dementia heightens the likelihood of exploitation of vulnerable people looking for a technological fix It examines both informal and formal caregivers and the heavy burden placed on families primarily

women and recent policy attempts to strengthen LTCS It also examines the latest evidence of potential risk reduction and prevention strategies and the difficult issues surrounding advance directives assisted suicide and definitions of death that increasingly face policy makers It concludes by analyzing the policy implications on possible technological scenarios
