**The Gospel of Wellness** Rina Raphael, 2022-09-22 An excellent exposé of the wellness industry Daily Telegraph  
Revealing Sunday Times Style Excellent Rina really knows her sh t Jameela Jamil Next level revelatory Sarah Knight  
internationally bestselling author of The Life Changing Magic of Not Giving a F ck What happens when the cure becomes as  
bad as the disease Women are pursuing their health like never before Whether it s juicing biohacking clutching crystals or  
sipping collagen today there is something for everyone as the wellness industry has grown from modest roots into a 4 4  
trillion movement promising health and vitality in the most fashionable package So why are we suddenly all feeling so unwell  
Vividly told and deeply reported The Gospel of Wellness reveals how this obsession is a direct result of gender inequalities  
and structural sexism within medicine and society And while wellness may have sprung from good intentions we are now  
relentlessly bombarded with exploitative offerings questionable ideas and a mounting pressure to maintain an illusion of  
control Balancing the good with the bad wellness industry journalist Rina Raphael offers a clear eyed exploration of what  
wellness can actually offer us knocking down the false idols that have taken hold and ultimately showing how we might shape  
a better future for the movement and for our well being

**Social & Public Policy of Alzheimer's Disease in the United States** Robert H. Blank, 2018-06-13 This book focuses on the public policy and political dimensions of Alzheimer s Disease  
and other dementias AD D in the United States with coverage of the global dimensions and relevant examples from other  
countries Starting off with a discussion on the characteristics of AD D and competing theories of their causes their human  
and financial costs and the increasing burden they place on all societies as populations age the book examines in detail the  
range of policy issues they raise These include funding policies payment policy and regulatory functions long term services  
and support LTCS public health and prevention policies The book analyses the big business surrounding AD D and shows that  
the strong public fear of developing dementia heightens the likelihood of exploitation of vulnerable people looking for a  
technological fix It examines both informal and formal caregivers and the heavy burden placed on families primarily women  
and recent policy attempts to strengthen LTCS It also examines the latest evidence of potential risk reduction and prevention  
strategies and the difficult issues surrounding advance directives assisted suicide and definitions of death that increasingly  
face policy makers It concludes by analyzing the policy implications on possible technological scenarios
