Sexual Fiction:

Sexual Fiction Maurice Charney, 2013-10-08 First Published in 2002 It is easy to see that we are living in a time of rapid and radical social change It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it Yet this is nowhere more apparent than in the central field of what may in general terms be called literary studies New Accents is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change To stretch rather than reinforce the boundaries that currently define literature and its academic study *The Art of Ana Clavel*

JaneElizabeth Lavery, 2017-07-05 Ana Clavel is a remarkable contemporary Mexican writer whose literary and multimedia oeuvre is marked by its queerness The queer is evinced in the manner in which she disturbs conceptions of the normal not only by representing outlaw sexualities and dark desires but also by incorporating into her fictive and multimedia worlds that which is at odds with normalcy as evinced in the presence of the fantastical the shadow ghosts cyborgs golems and even urinals Clavels literary trajectory follows a queer path in the sense that she has moved from singular modes of creative expression in the form of literary writing a traditional print medium towards other non literary forms Some of Clavels works have formed the basis of wider multimedia projects involving collaboration with various artists photographers performers and IT experts Her works embrace an array of hybrid forms including the audiovisual internet enabled technology art installation video performance and photography By foregrounding the queer heterogeneous narrative themes techniques and multimedia dimension of Clavels oeuvre the aim of this monograph is to attest to her particular contribution to Hispanic letters which arguably is as significant as that of more established Spanish American boom femenino women writers

Feminism and the Politics of Literary Reputation Charlotte Templin, 1995 Soon after its publication in 1973 *Fear of Flying* brought Erica Jong immense popular success and media fame Alternately pegged sassy and vulgar Jong s novel embraced the politics of the women s liberation movement and challenged the definition of female sexuality Yet today more than twenty years and several books later literary reputation continues for the most part to elude Jong Typecast by her adversaries as a media seeking sensationalist Erica Jong has been unfairly side stepped by academia Charlotte Templin contends In this carefully researched study augmented by personal interviews with Jong Templin assembles and analyzes the medley of responses to Jong s books by reviewers critics writers academics and the media by liberals conservatives and feminists She examines the diverse opinions on the merit and relevance to contemporary life of *Fear of Flying* the invocation of a high culture low culture dichotomy to discredit *How to Save Your Own Life* the anatomy of literary success with Fanny Jong s reception in a postfeminist age and the trivialization of Jong s works that is inevitable with mass media exposure Templin also shows how antagonistic reviewers tend to identify Jong with her fictitious characters a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman In turn she shows how reviewers reveal

something of their own values and ideological biases in their critiques and how literary reputations are built destroyed and altered over time The first book to make a detailed examination of the reputation of a woman writer Feminism and the Politics of Literary Reputation provides an excellent case study for the literary reception of women writers within a broad cultural context Templin s analysis offers valuable insight into the reception of women writers especially commercially successful women writers and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores
