The HIV pandemic has caused serious challenges for the Church as well as for theology. The pandemic has brought enormous human suffering to individuals and has affected families and entire societies. In this context, churches need to listen and to learn and not least to respond to thereby mold their own actions and futures. In so doing, this book aims to enable churches to become more HIV and AIDS competent. *Vulnerability: Churches and HIV* includes two kinds of contributions. First, researchers present their thoughts about theology, the church, and HIV. A pastoral letter from the bishops of the Church of Sweden provides a second perspective. The letter makes recommendations to decision-making bodies, patent holders, and decision makers in the pharmaceutical industry. The letter also guides parishes and church workers. Contributors: editor Goran Gunner, Musa W. Dube, Susanne Rappmann, Kenneth R. Overberg, Edwina Ward, and the bishops of the Church of Sweden. The book is the first volume in the Church of Sweden Research Series. **Australian Books in Print 1997** Bowker, 1997-03 excellent coverage essential to worldwide bibliographic coverage. **AMERICAN REFERENCE BOOKS ANNUAL** This comprehensive reference provides current finding and ordering information on more than 60 000 in print books published in or about Australia or written by Australian authors, organized by title, author, keyword.
