Sexual Life Of Savages And Other Stories:

The Sexual Life of Savages in North-western Melanesia Bronislaw Malinowski, 2002 The Sexual Life of Savages in North Western Melanesia contains ethnographic data that attempts to establish that the Freudian Oedipus complex is not universal This important work is his second in the trilogy on the Trobrianders with the other two being Argonauts of the Western Pacific 1922 and Coral Gardens and Their Magic 1935 In the preface Malinowski says that sexuality dominates in fact almost every aspect of culture Malinowski provides a detailed description of the social organization of sexuality social rites partner choice et al tracing the Trobriand lifecycle from birth through puberty marriage and death In further chapters the parent child relationship of the Trobrianders is described with details of their complex matrilineal relationship structure in which the biological parentage is ignored Publisher's website The Vienna Circle and Religion Esther Ramharter, 2022-03-08 This book is the first systematic and historical account of the Vienna Circle that deals with the relation of logical empiricists with religion as well as theology Given the standard image of the Vienna Circle as a strong anti metaphysical group and non religious philosophical and intellectual movement this book draws a surprising conclusion namely that several members of the famous Moritz Schlick Circle e g the left wing with Rudolf Carnap Otto Neurath Philipp Frank Edgar Zilsel but also Schlick himself dealt with the dualisms of faith belief and knowledge religion and science despite or because of their non cognitivist commitment to the values of Enlightenment One remarkable exception was the philosopher and Rabbi Joseph Sch chter who wrote explicitly on religion and philosophy after the linguistic turn The book also covers another puzzling figure the famous logician Kurt G del who wrote on theology and the ontological proof of God in his so far unpublished notebooks The book opens up new perspectives on the Vienna Circle with its internal philosophical and political pluralism and is of value to philosophers historians and anybody who is interested in the relation between science and religion The Sexual **Life of Savages and Other Stories** Stokes Howell,1996 A collection of erotic stories includes In the bathroom at Joey s Dear Veronica Unction and Dinner The Cambridge Introduction to British Fiction, 1900-1950 Robert L. Williams, 2024-09-12 Sources and Methods in the History of Sexuality outlines some of the challenges of retracing sexual acts identities and desires in the past and shows how historians have responded to these methodological challenges with ingenuity and creativity The volume acknowledges that the history of sexuality poses particularly interesting challenges in relation to sources due the peculiar nature of sexuality On one hand sexuality is frequently hidden and private its practices often unknown denied and evaded its desires fleeting or obsessive its reality confused or illuminated by fantasy yet on the other sexuality consistently breaks into the public sphere through moral panics waves of persecution taxonomizing projects and medical juridical interventions With vivid case studies from renowned contributors the chapters provide different theoretical approaches along with more practical examples of how to study the history of sexuality The volume has a broad chronology from the ancient world to the present an extensive geography covering not only Europe and the Americas but also Latin America and Africa and also includes a variety of gender and sexual expressions. The book also privileges texts that offer an intersectional approach asking how sex and sexualities were constructed alongside against other categories of difference With accessible writing this volume encourages the reader to think creatively about how to find evidence of sex sexuality in the past and will be of value to students as well as scholars interested in the history of sexuality Arts & Humanities Citation Index ,1997 Writer's Guide to Book Editors. **Publishers, and Literary Agents, 1997-1998** Jeff Herman, 1996-09-25 This book contains the names and addresses of acquisitions editors at top publishing houses as well as their area of expertise and information on top literary agents First time and experienced authors will find the information they need to get their big break in the writing business instead of having their manuscripts end up in the slush pile A Poetic for Sociology Richard Harvey Brown, 1989-03-07 For too long argues Richard Harvey Brown social scientists have felt forced to choose between imitating science s empirical methodology and impersonating a romantic notion of art the methods of which are seen as primarily a matter of intuition interpretation and opinion Developing the idea of a cognitive aesthetic Brown shows how both science and art as well as the human studies that stand between them depend on metaphoric thinking as their logic of discovery and may be assessed in terms of such aesthetic criteria of adequacy as economy elegance originality scope congruence and form By recognizing this aesthetic common ground between science and art Brown demonstrates that a fusion can be achieved within the human sciences of these two principal ideals of knowledge the scientific or positivist one and the artistic or intuitive one A path then is opened for creating a knowledge of ourselves and society which is at once objective and subjective at once valid scientifically and
