on topics such as poetry fiction education and arts Love and learning made the making of this bibliography imaginable It began more than 20 years ago when Amir was expanding his theoretical ground for class analysis of nationalism and peasant movement in the Kurdish region of Mukriyan Hassanpour 2021 Simultaneously I was engaged with debates on Marxist feminism and transnational feminism while grappling with post al tendencies in feminism such as post colonialism post structuralism and post modernism We wanted to better understand the explanatory power and political implications of Marx s dialectical historical materialism in explicating the intersecting and refracting relations of gender class race culture nation and nationalism This commitment nonetheless did not remain in the realm of epistemology as a disembodied intellectual exercise As a member of a dominant nation a Shirazi born Iranian I wanted to critically confront this national identity and the sense of belonging Amir sought to scrutinize patriarchal structures and gender relations in Kurdish history society culture and nation This intertwined mind and heart desire put us onto a path of renewed discoveries of our personal and intellectual relations In a nutshell this was the beginning of the making of Women of Kurdistan A Historical and Bibliographic Study Women of Kurdistan provides a meticulously researched source book for readers interested in women gender and sexuality in Kurdistan and the Middle East It covers a wealth of bibliographic material including both scholarly and non academic publications many of which have not previously been accessible to broader audiences But Women of Kurdistan is more than a source of information It is also an eloquent reflection on the entanglement of knowledge production and political power and a call to recognize scholarship s potential in shaping historical change Above all it is a passionate statement about the impossibility to comprehend the intersection of colonial capitalist and nationalist forces without attention to women s lives and struggles Marlene Sch fers British Academy Newton International Fellow University of Cambridge Women of Kurdistan is simply an excellent template for how to chronicle women s resistance politics By framing the Kurdish women s struggles within a historical materialism under different modes of production and discussing the political influence of five different nations on the Kurdish peoples the authors offer a rich context that surpasses the common fetishization of women s armed resistance Internationally known for their Marxist and feminist works Mojab and Hassanpour apply theories of nationalism capitalism peasantry knowledge production and relationship between state and non state to understand the Kurdish experience while honouring the struggle voice and poetry of Kurdish women activists The book is as unapologetically critical of regional and religious hegemonies as it is of Kurdish patriarchies and is candid about the slipperiness of the concept of the ideal Kurdish woman while skeptical of the benefits of transnationalization for the women honoured in this book Afiya Zia author of Faith and Feminism Religious Agency or Secular Autonomy CONTENTS PART I THE MAKING OF THE BIBLIOGRAPHY THE STATE OF KNOWLEDGE ABOUT KURDISH WOMEN WOMEN OF KURDISTAN PART II WOMEN OF KURDISTAN A BIBLIOGRAPHIC STUDY GENERAL WORKS ARTS AND CULTURE CUSTOMS AND BELIEFS DISPLACEMENT REFUGEES AND MIGRATION EDUCATION ETHNIC FORMATIONS FEMINIST AND WOMEN S
