Leonardo**

Sexuality And Homosexuality A New View:

Routledge Revivals: Homosexuality: A Research Guide (1987) Wayne R. Dynes, 2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology

Sexual Ethics Patrick D. Hopkins, 2023-02-01 An accessible and engaging anthology of readings focused specifically on applied ethics issues of sexual morality Sexual Ethics An Anthology addresses conceptual ethical and public policy issues about sex providing a balanced and non sectarian discussion of many of today s most important and controversial moral topics Covering a broad range of contemporary sexual ethics issues this easily accessible textbook includes explications and point counterpoint pieces on the definition of sex and sexual orientation sexual harassment and rape law sexual discrimination age of consent marriage and adultery online affairs gay marriage polygamy and polyamory sexual orientation change therapy transgender and sex reassignment surgery intersexed infants and surgery pornography prostitution psychiatric classifications of sexuality disorders and specific paraphilias Organized around six broad themes Consent Marriage Homosexuality Transgender Commerce and Paraphilias Sexual Ethics presents multiple sides of each issue offering diverse perspectives on critical topics supported by relevant philosophical arguments position papers psychological studies government regulations and court rulings Sexual Ethics is particularly designed to provide a ready made course in sexual ethics with several major elements ideally suited for classroom instructors and students Includes an introductory chapter on key definitional conceptual and theoretical issues Features Framing Questions for each section that address a major moral or policy issue and highlights the pro con nature of the readings e g How should we define rape Should pornography be protected as free speech Features a short summary at the beginning of each reading including the topic major points and conclusion very helpful for instructor planning Features 15 Discussion Starters that help students start thinking critically and talking about sexual ethics before doing any reading Features 45 brief Decision Cases drawn from major media stories especially relevant to the college student context including college virginity male rape child pornography on television college sexual harassment faux bisexuality fraternity party sex transgender inclusion race and sex asexuality bromances campus pride groups fetishes and kink online sex Title IX mandatory reporting transgender sports competition religious diversity and sex sex education feminists working at sexually exploitative jobs cancel culture and robot sex These cases are ideal for class discussion class presentations and research paper topics Sexual Ethics An Anthology is an excellent textbook for undergraduate classes in applied ethics sexual ethics and gender studies as well as related courses in sociology

public policy marriage and family law and social work **Men in Transition** Kenneth Solomon, 2013-11-11 Every year the few hundred members of the Committees Task Forces and Councils of the American Psychiatric Association meet in Washington D C to conduct their business They deliberate on a wide variety of issues encompassed in the activities of each group The psychiatrists constituting this mixed and somewhat elite group include some of the better known and promising people in the profession which makes the plenary session and cocktail party good occasions to meet old friends and to make new ones Several years ago one of us N B L attended this gathering as a member of a soon to be defunct group the Committee Liaison with the American College of Physicians and met Ann Chappell a member of the Task Force on Women We were soon joined by Richard Grant Ann impressed us with the work her group was doing on issues surrounding the Women s Movement as it relates to patients and the changing roles of the early 1970s She was struck by the fact that although some women had been very active in this endeavor nobody in American psychiatry was addressing issues which are arising in men as a result of the changing roles of women in society Dick and Norm were moved by what she said and decided that they would make an effort to gather together people interested in the issue of the changing roles of males in society at the oncoming meeting of the American Psychiatric Association The Gender/sexuality Reader Roger N.

Lancaster, Micaela Di Leonardo, 1997 Textbook on gender **The Origins and Role of Same-Sex Relations in Human Societies** James Neill, 2009-01-14 This groundbreaking work draws on a vast range of research into human sexuality to demonstrate that homosexuality is not a phenomenon limited to a small minority of society but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors Through a survey of the patterns of sexual expression found among animals and among societies around the world and an examination of the functional role homosexual behavior has played among animal species and human societies alike the author arrives at some provocative conclusions that a homosexual or bisexual phase is a normal part of sexual development that same sex relations play an important balancing role in regulating human reproduction that many societies have institutionalized homosexual traditions in the past and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon unique among world societies throughout history This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers psychologists anthropologists and historians The view that emerges of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature represents a new way of thinking about sex

Neglected Perspectives on Science and Religion Wayne Viney, William Douglas Woody, 2017-04-07 This book explores historical and contemporary relations between science and religion providing new perspectives on familiar topics
