The Shadow of Ulysses José Antonio Aguilar Rivera, 2000-01-01 Written by one of the most promising young scholars on the Mexican intellectual scene The Shadow of Ulysses attempts to reconnect the American and Mexican intellectual experiences by exploring historical as well as contemporary issues in both countries The book's first chapters discuss the relationship between American and Mexican intellectuals in the aftermath of the Mexican Revolution and offer a sociological comparison of the 1960s intellectual generations in the United States and Mexico Later chapters provide a critical assessment of two prominent Mexican public intellectuals well known to the American reader Carlos Fuentes and Jorge Castaneda The Shadow of Ulysses the Mexican edition of which was awarded the Alfonso Reyes National Prize offers a rare glimpse into the development of contemporary Mexican thought and reveals the under recognized intellectual ties that existed between our two countries in the first half of the twentieth century

Catholic Borderlands Anne M. Martinez, 2014-10-01 In 1905 Rev Francis Clement Kelley founded the Catholic Church Extension Society of the United States of America Drawing attention to the common link of religion Kelley proclaimed the Extension Society's duty to be that of preventing American Protestant missionaries public school teachers and others from separating people from their natural faith Catholicism Though domestic evangelization was its founding purpose the Extension Society eventually expanded beyond the national border into Mexico in an attempt to solidify a hemispheric Catholic identity Exploring international racial and religious implications Anne M Martinez's Catholic Borderlands examines Kelley's life and actions including events at the beginning of the twentieth century that prompted four exiled Mexican archbishops to seek refuge with the Archdiocese of Chicago and befriend Kelley This relationship inspired Kelley to solidify a commitment to expanding Catholicism in Mexico Puerto Rico and the Philippines in response to the national plan of Protestantization which was indiscreetly being labeled as Americanization Kelley's cause intensified as the violence of the Mexican Revolution and the Cristero Rebellion reverberated across national borders Kelley's work with the U S Catholic Church to intervene in Mexico helped transfer cultural ownership of Mexico from Spain to the United States thus signaling that Catholics were considered not foreigners but heirs to the land of their Catholic forefathers
