Shadow Of The Almighty Father Son And Spirit In Biblical Perspective:

The Indelible Image: The Theological and Ethical Thought World of the New Testament, Volume Two Ben Witherington III, 2010-03-30 In the second volume of his two volume comprehensive overview of the theological and ethical thought world of the New Testament Ben Witherington III focuses on the collective witness of New Testament writers the convergences and divergences of their theological and ethical thought The Shadow of the Almighty Ben Witherington, Laura M. Ice, 2002-01-08 The Shadow of the Almighty introduces readers to the nature of God by exploring the biblical references to God as Father Son and Holy Spirit This fruitful approach offers fresh insight into the meaning of the biblical language used for God giving readers the background necessary for properly understanding the trinitarian perspective of the New Testament and of the Christian faith Divided into four chapters the book looks at Father language in early Judaism at Father language in early Christianity at Son language and at language designating the Spirit This thorough review of the traditional God language across the biblical texts shows what the earliest Christians understood by using these terms and ultimately what these terms mean for modern faith and practice While much of this material is deceptively familiar the authors close examination of how and where the different terms are used reveals some surprising results It makes clear for example that speaking of God in trinitarian terms was not as radical a departure from early Jewish monotheism as many have thought and it shows that while early Christianity was characterized by disparate ideas the first Christians nevertheless shared a common understanding of God Equally engaging findings of the book include the authors support for the traditional gendered term Father when speaking about God Complete with helpful questions at the end of each chapter The Shadow of the Almighty provides an excellent place to begin a deeper study of God Scripture and Metaphysics Matthew Levering, 2008-04-15 This book makes a major contribution to contemporary theological and philosophical debates bridging scriptural and metaphysical approaches to the triune God Bridges the gap between scriptural and metaphysical approaches to biblical narratives Retrieves Aquinas s understanding of theology as contemplative wisdom Structured around Aquinas s treatise on the triune God in his Summa Theologiae Argues that intellectual contemplation is part of a broader spiritual journey towards a better understanding of God Contributes to the current resurgence of Thomistic theology in both Protestant and Catholic circles **Jesus in Trinitarian Perspective** Fred R. Sanders, Klaus Dieter Issler, 2007 Jesus in Trinitarian Perspective studies the person of Jesus on Earth as well as how He is the eternal second person of the Trinity *Jesus and the Father* Kevin N. Giles, 2009-08-30 The doctrine of the Trinity is one of the cornerstones of Christianity In Jesus and the Father Kevin Giles wrestles with questions about the Trinity that are dividing the evangelical community What is the error called subordinationism Is the Son eternally subordinated to the Father in function Are the Father and the Son divided or undivided in power and authority Is the Father Son Spirit relationship ordered hierarchical or horizontal How should the Father and the Son be differentiated to avoid the errors of modalism and subordinationism What is the

relationship between the so called economic Trinity and the immanent Trinity Does the Father Son relationship in the Trinity prescribe male female relationships in the home and the church Kevin Giles points out serious problems in the teaching that the Son is eternally subordinated to the Father and argues effectively for the full eternal equality within the Trinity This book should be read by all who wrestle with the complex but crucial doctrine of the Trinity Millard Erickson author Christian Theology By showing that subordinationism is a revival of a heresy that was systematically rejected by the non Arian Church the author reinstates the classical orthodox doctrine of the Trinity in all its scriptural majesty and grandeur Gilbert Bilezikian professor emeritus Wheaton College Giles skillfully places before us the stark choice which each generation of theologians must face will we allow the Bible to speak its message about the Father Son and Holy Spirit to us or will we use the Bible to advance our own agenda This important book deserves to be widely read and carefully considered Paul D Molnar professor of systematic theology St John s University *Christian Dogmatics* Michael Allen, Scott R. Swain, 2016-04-19 This one volume introduction to systematic theology draws deeply on the catholic and Reformed heritage to present the major doctrines of the Christian faith displaying the power of theological retrieval for the church s renewal Leading Reformed theologians such as Kevin Vanhoozer John Webster Michael Horton and Oliver Crisp offer the state of the question on standard theological topics and engage in both exegetical and historical retrieval for the sake of theological analysis The book represents the exciting new theological trajectory of Reformed catholicity **The God Who Gives** Kelly M. Kapic, 2018-06-12 Many Christians wonder what the Christian life is all about They hear about grace but struggle to rightly understand it much less live it They are taught about God but their vision of him does not always reflect the full biblical portrait of the Father Son and Holy Spirit When this happens Christians struggle to know the ways of God and how to joyfully participate in his work The God Who Gives provides a compelling vision of Christian faith and life helping readers discover the uniqueness of the gospel that God s kingdom comes not by taking but by giving God gives Himself We are invited into the fullness of life that can only come through the gift of God s divine generosity Taking readers through the grand biblical narrative of creation fall redemption and kingdom author Kelly M Kapic helps us see our story in and through the story of Scripture He shows that everything belongs to God and yet because of our turning and taking from him we experience a kind of suffocating bondage to sin So how does God reclaim us God gives again The God who gave in creation restores by recreating us through his Son and by his Spirit The kingdom of God is an overflowing measure of divine generosity that we are invited to participate in The God Who Gives calls readers to discover that the whole Christian story is founded upon the Triune God s self giving and our belonging to God Fully embracing this truth changes how we view God ourselves and the world Living in God s gifts we are freed to give ourselves and truly experience life Theologische Literaturzeitung Emil Schürer, Adolf von Harnack, 2003

Pattarumadathil,2008 The concept of discipleship in Matthew has been explained in several ways using different identity defining terms from the gospel Such as one who does the will of God one who practises the greater righteousness one who becomes like a child one who carries the cross etc The present study identifies the extensively but selectively used relational appellation Father for God in the gospel as the most important key for understanding the identity of the disciples By examining all the passages where this appellation is used to refer to god as the father of the disciples this study shows that discipleship is viewed in Matthew as a process of becoming children of God Five different dimensions of discipleship christological ecclesiological missiological eschatological and ethical are integrated in this study Discipleship is a process of becoming children of god through Jesus the son one can become a child of god christological by responding affirmatively to Jesus and to his message one enters the earthly family of God and continues his/her journey with other brothers and sisters ecclesiological through their life witness and teachings the disciples attract and invite other people to join them in their process of becoming children of God missiological one becomes irrevocably a child of God only in the kingdom eschatological to reach this state one should do the will of God and practise the greater righteousness ethical Elenchus of Biblica ,2005

Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur ,2003 Religion in Geschichte und Gegenwart Hans Dieter Betz,1998 **Letters and Homilies for Hellenized Christians, Volume 2** Ben Witherington III,Ben Witherington,2006 This is a set of three volumes extending Ben Witherington's innovative socio rhetorical analysis of New Testament books to the latter Pauline and non Pauline corpora A second volume will continue the focus on letters and homilies for Hellenized Christians 1 2 Peter while a third will focus on letters and homilies for Jewish Christians Hebrews James and Jude By dividing the volumes according to the socio religious contexts for which they were written Witherington sheds fresh light on the documents their provenance character and importance Throughout Witherington shows his thorough knowledge of recent literature on these texts and focuses his attention on the unique insights brought about through socio rhetorical analysis that either reinforces or corrects those gleaned from other approaches Strikingly based on his rhetorical analysis of the Pastorals he makes the case for Luke as Paul's amanuensis for these letters He also makes a strenuous argument against New Testament pseudepigrapha Bridging the Horizons sections point to the relevance of the text for believers today making this volume of special value to pastors and general readers as well as students and scholars
