Rochefort,Roger W. Cobb,1994 At the nexus of politics and policy development lies persistent conflict over where problems come from what they signify and based on the answers to those questions what kinds of solutions should be sought Policy researchers call this process problem definition Written for both scholars and students this book explains how and why social issues come to be defined in different ways how these definitions are expressed in the world of politics and what consequences these definitions have for government action and agenda setting dynamics The authors demonstrate in two theoretical chapters and seven provocative case studies how problem definition affects policymaking for high profile social issues like AIDS drugs and sexual harassment as well as for problems like traffic congestion plant closings agricultural tax benefits and air transportation By examining the way social problems are framed for political discussion the authors illuminate the unique impact of beliefs values ideas and language on the public policymaking process and its outcomes In so doing they establish a common vocabulary for the study of problem definition review and critique the insights of existing work on the topic and identify directions for future research Sexual Misconduct in Education Grant Bowers,Marvin A. Actors other than the police and the prosecution services such as labor inspectorates social investigation services and municipalities have also become involved in these activities It is unclear which role these actors can have in identifying victims and in investigating and prosecuting cross border THB for labor exploitation and which improvements are needed They are often unfamiliar with for instance the specific needs of victims how trafficking networks operate and how to cooperate with colleagues abroad These problems obviously hamper the combating of THB for labor exploitation In addition difficulties in defining THB for labor exploitation still exist Labor exploitation as such is not a term used in the Palermo Protocol or the EU Directive on Preventing and Combating THB and Protecting Victims One can say that labor exploitation includes at least forced and compulsory labor and services slavery and slavery like practices although this does not solve the problems encountered in defining the crime In this book these and other problems as well as the challenges of dealing with these problems are identified It includes research in five countries Austria The Netherlands Romania Serbia and Spain research on the EU legal framework an analysis of the country studies as well as four articles reflecting on these problems
