Sexual Woman In Latin American Literature Dangerous Desires:

The Sexual Woman in Latin American Literature Diane E. Marting, 2001 A major and important addition to the field of Latin American studies and the work of a mature scholar I recommend it fully and enthusiastically Sara Castro Klaren Johns Hopkins University Latin American fiction achieved a turning point in its representation of sexual women sometime in the 1960s Diane E Marting offers a richly detailed analysis of this development Her central idea is that in Latin American narrative women's desires were portrayed as dangerous throughout the 20th century despite the heroic character of the newly sexed woman of the sixties She argues that woman s sexuality in fiction was transformed because it symbolized the many other changes occurring in women's lives regarding their families workplaces societies and nations Female sexual desire offered an ever present threat to male privilege Marting scrutinizes novels by three of the most famous and most popular novelists of the period Guatemalan Miguel Angel Asturias Brazilian Clarice Lispector and Peruvian Mario Vargas Llosa She argues that their novels from the 1960s 1970s and 1980s represent the beginning middle and end respectively of what has come to be seen as an indulgent radical period that produced world acclaimed sexual fiction of world stature Marting s book surveys the topic of women s sexuality in the work of both men and women writers and engages two current controversies feminist and moral issues related to the female body and the nature of literary history It will stand as an important addition to the fields of Latin American studies and women's studies Diane E Marting assistant professor of Romance languages and literatures at the University of Florida is the editor of three books including Clarice Lispector A Bio Bibliography and the author of many articles in journals such as Modern Language Notes Chasqui and World Literature Today Corporeality in Early Twentieth-Century Latin American Literature B. Willis, 2013-01-07 Featuring canonical Spanish American and Brazilian texts of the 1920s and 30s Corporeality in Early Twentieth Century Latin American Literature is an innovative analysis of the body as site of inscription for avant garde objectives such as originality subjectivity Postmodern Parody in Latin American Literature Helene Carol Weldt-Basson, 2018-05-24 This book and subversion examines postmodern parody in Latin American literature as the intersection between ideology construction and deconstruction Parody's chief task is to deconstruct and criticize the ideologies behind previous texts During this process new ideologies are inevitably constructed However postmodernism simultaneously recognizes the partiality of all ideologies and rejects their enthronement as absolute truth This raises the question of how postmodern parody deals with the paradox inherent in its own existence on the threshold between ideology construction deconstruction and the rejection of ideology This book explores the relationship between parody and ideology as well as this paradox of postmodern parody in works written by writers ranging from early twentieth century poets to the most recent novel by the Nobel Prize winning Mario Vargas Llosa The analyses include such authors as Cristina Peri Rossi Manuel Puig Luisa Valenzuela Enrique S nchez Roberto Bola o Claudia Pi eiro Margarita Mateo Palmer Boris Salazar and Rosario Ferr **Latin American Women**
