Conversaciones de Conxa Llinàs con Lola G. Luna Conxa Llinàs,Lola G. Luna,2017-11-10 Los movimientos sociales de mujeres especialmente en Am rica Latina los diversos feminismos las aportaciones de la videograf a a las fuentes orales y la creaci n de un nuevo marco te rico para los estudios historiogr ficos sobre la experiencia pol tica y vital de las mujeres son algunos de los temas abordados en las entrevistas mantenidas a lo largo de tres a os y recogidas en este libro En ellas Conxa Llin s profesora de Filosof a conversa con Lola G Luna profesora de Historia de Am rica de la Universidad de Barcelona y gran conocedora de los movimientos de mujeres latinoamericanos Una invitaci n a reflexionar sobre planteamientos feministas hasta ahora poco divulgados **Destape** Natalia Milanese,2019-10-01 Under dictatorship in Argentina sex and sexuality were regulated to the point where sex education explicit images and even suggestive material were prohibited With the return to democracy in 1983 Argentines experienced new freedoms including sexual freedoms The explosion of the availability and ubiquity of sexual material became known as the destape and it uncovered sexuality in provocative ways This was a mass media phenomenon but it went beyond this It was in effect a deeper process of change in sexual ideologies and practices By exploring the boom of sex therapy and sexology the fight for the implementation of sex education in schools the expansion of family planning services and of organizations dedicated to sexual health care and the centrality of discussions on sexuality in feminist and gay organizations Milanese shows that the destape was a profound transformation of the way Argentines talked understood and experienced sexuality a change in manners morals and personal freedoms **Current Catalog** National Library of Medicine (U.S.),1992 First multi year cumulation covers six years 1965 70 **El destape** Natalia Milanese,2021-03-01 El destape fue el fen meno sociocultural m s importante y explosivo en el regreso de la democracia en la Argentina En los a os

ochenta una avalancha de imágenes y narrativas sexuales explícitas que la dictadura militar había censurado y prohibido por considerarlas vulgares inmorales y peligrosas se multiplicaron en los medios la cultura y las conversaciones cotidianas Las películas porno soft encabezaron las listas anuales de los films más taquilleros las novelas eróticas y los manuales de sexología fueron los libros más vendidos y el contenido erótico el doble sentido y los desnudos inundaron los programas de televisión. Que significó realmente el destape. Cuánto tuvo de verdadera liberación y reconocimiento de derechos al placer a conocer el propio cuerpo y decidir sobre él y cuánto de exitosa estrategia comercial que reprodujera estereotipos de género y pautas de la moral tradicional como la exaltación de la heterosexualidad. Natalia Milanés reconstruye magistralmente y desde una perspectiva original simula los años intensos de la transición democrática. Y revela que hubo muchos destapes una transformación profunda que se manifestó no solo en la sexualización de los medios de comunicación sino también en la forma en que los argentinos comprendían discutían y vivían su sexualidad. Para demostrarlo examina el auge de la sexología y la terapia sexual las cartas de lectores y los consultorios sexuales de las revistas la campaña por la introducción de la educación sexual en las escuelas la expansión de los servicios de planificación familiar y de instituciones dedicadas a la salud sexual y la centralidad de los derechos sexuales en la agenda de feministas y activistas gays y lesbianas. Poniendo el foco en los aspectos más disruptivos del destape y también en sus límites la homofobia y la lesbofobia la escasa conciencia acerca de la violencia sexual la objetivación del cuerpo femenino este libro el primero sobre este tema cuenta un capítulo imprescindible de la historia de la sexualidad en el país. Al problematizar los legados del destape constituye además un aporte fundamental para pensar las luchas del presente y la cultura sexual actual en la Argentina. Volumen escrito por seis críticas y profesoras de la Universidad Nacional de Mar de Plata que tiene como objetivo suplir la falta de reflejo en la crítica y teoría literarias argentinas del proceso de circulación de conceptos de inspiración feminista a través de la discusión y reformulación de conceptos teóricos como del análisis de la obra de escritoras argentinas y anglosajonas. Ofrece lecturas renovadoras de textos de Margaret Atwood, Matilde Sánchez y propone nuevos conceptos a partir de una revisión epistemológica y del análisis de la significación que tiene el pensamiento de orientación feminista. **Bibliografía de educación sexual: Sexualidad** Instituto Nicaragüense de la Mujer.
