Sexuality And Its Discontents Meanings Myths And Modern Sexualities:

Sexuality and Its Discontents Jeffrey Weeks, 1985-01-01 Few topics evoke so much anxiety and pleasure pain and hope discussion and silence as sexuality Throughout the Christian era it has been a major moral preoccupation Since the eighteenth century it has also been the focus of scientific exploration and political activity But despite this obsessive concern we are still as baffled as our predecessors about the true meaning of sex In this book Jeffrey Weeks unravels the dense web of historical theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values The book begins with a powerful evocation of our present discontents and their potent signs the rise of the New Right the retreat of progressive forces and a wave of moral panics around sex It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to sexuality whilst claiming a privileged access to truth The author then examines radical debates of recent years and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality From this analysis emerges a controversial radical pluralist approach to sexuality built on an acceptance of diversity and choice from Google Books

Sexuality Jeffrey Weeks, 2022-12-30 Sexuality is the fifth revised and updated edition of the classic text for understanding human sexuality This new edition brings the arguments and evidence fully up to date and explores their implication for many topical controversies around LGBTQ rights the trans experience and gender fluidity same sex marriage sexual autonomy and consent and the meanings of sexual choice Since it was first published in the 1980s Sexuality has been at the cutting edge of the study of the social and historical meanings of sexuality Blending deep empirical knowledge with theoretical sophistication and an acute sensitivity to the politics of sexuality the book offers an informed framework for understanding the complexities of sexual life A key insight of the book is that the ways we think and speak about sexuality make a major contribution to the ways we live it Sexuality may

be rooted in biological possibilities but it is shaped and experienced through languages and meanings which are inevitably historical and social in nature The book explores with clarity and precision the invention and re invention of sexual meanings the question of what constitutes a true sex and the biological and social roots of sexual difference the challenges of diversity the re making of sexuality as a highly divisive political subject and the implications of the transformation of intimate life in the past few generations These are seen in the context of profound changes that are re fashioning the world especially globalisation cyber sex and the rise of new forms of agency including among women and LGBTQ people which have fed into new claims for sexual human rights This new edition of Sexuality will be an indispensable guide for students in the social sciences with an interest in the ever changing worlds of sexuality

Sexual Suspects - Influences of the Sexual Liberation on Lust, Sexuality and Family in John Irving's 'The World According to Garp' Daniel Heuermann, 2005-10-13 Seminar paper from the year 2004 in the subject American Studies Literature grade 2.0 University of Paderborn course John Irving Selected Novels language English abstract John Irving's novel The World According to Garp gives the reader a view on the lives of its characters and as a part of it their attitudes towards lust and sexuality The description of these aspects is very direct and may be offensive for some more conservative persons Even for persons who tend to be liberal minded Irving's way of writing about sex can be uncommon although he uses lust and sexuality only to tell the story and not for sensational reasons It is strange that after forty years of sexual liberation or the so called sexual revolution so little seems to have changed and people still have these kinds of feelings when reading about sex being

described so directly. Despite the fact that people expected more from the sexual liberation in the 1960s and 1970s there was indeed a change in attitude towards certain aspects such as premarital and extramarital sex. Studies in the United States in the 1970s revealed a gradual decrease over time in the percentage of respondents who said that premarital sex is always wrong. Another important change which derived from the liberation movement was the new female sexuality especially concerning the sexual fulfilment of women before and during marriage. This is also proved by a decreasing support of the double standard where men are more or less allowed to be sexual active including premarital and even extramarital sex but women are not. You also have to consider the women's movement when thinking about female sexual liberation. Both sexual liberation and feminism somehow worked together hand in hand to achieve improvement for women's sexuality. In order to understand the gap between the new achievements and the nevertheless still existing resentments towards them you need to know the situation prior to the 1960s when the above mentioned double standard and abstinence were in the focus of sexuality.

21st Century Sexualities Gilbert Herdt, Cymene Howe, 2007-04-11 Exploring sexuality in the twenty first century this unique book collects together more than fifty timely and accessible contributions to create a wide ranging and compelling picture of contemporary American sexuality. Incorporating the latest cutting edge controversies theory and methodological material from the major domains of sexual education sexual health sexual rights and globalization this book includes a superb editorial overview that opens up the field for students and teachers alike. This anthology will be an invaluable supplement to all levels of students and researchers interested in sexuality across a range of disciplines including anthropology sociology gender and sexuality studies and politics.

Zeitschrift für Sexualforschung, 2004 Female Sexual Inversion Chiara Beccalossi, 2011-10-26 An examination of how female same sex desires were represented in a wide range of Italian and British medical writings 1870-1920. It shows how the psychiatric category of sexual inversion was positioned alongside other medical ideas of same sex desires such as the virago tribade prostitute fiamma and gynaecological explanations.

Lieber ist mir ein Bursch-- Rainer Guldin, 1995 **Körper, Sexualität und Moral** Andrea Gutenberg, 2009 **Sexualität und Tod** Franz Meier, 2002 Die Studie bearbeitet anhand der Themenverknüpfung Sexualität und Tod ein im engeren Sinne literaturwissenschaftliches im weiteren Sinne kulturwissenschaftliches Problemfeld das der Interdependenz literarischer und soziokultureller Phänomene im historischen Wandel. Den Untersuchungsbereich bildet die englische Kultur vom späten 18 bis zum ausgehenden 19 Jahrhundert bzw die englische Schauer und Sensationsliteratur dieser Zeit. Die Arbeit stellt aber auch allgemein die bisher umfassendste Behandlung der Themenverknüpfung Sexualität und Tod in Literatur und soziokulturellem Kontext dar. Methodisch geht die Untersuchung weit über traditionelle Motivgeschichte hinaus und verbindet Ansätze des Strukturalismus Jakobson Lodge der Soziologie Parsons Meyer Ort der Psychologie Freud und der Kulturtheorie Bataille Foucault. Inhaltlich untersucht sie zum einen die historischen Manifestationen und Wandlungen der Diskurse Sexualität und Tod und andererseits in einem ausführlichen textanalytischen Teil literarische Werke.

Journal of the History of Sexuality ,2005 *When Passion Reigned* Patricia Anderson,1995-07-14 In this witty and colorful book debunking the myth of Victorian prudery Anderson argues that far from being the prudes of modern legend the Victorians were avidly engaged in the erotic side of life 40 illustrations **Lesbian and Gay Writing** Mark Lilly,1990 Part of a series which looks at contemporary criticism on neglected literary and cultural areas this book examines the conventional academic view of lesbian gay writing and has essays on lesbian writers as well as a section on gay men s writing All the critical essays are by lesbians or gay men **The Future of Post-human Sexuality** Peter Baofu,2010 What precisely resides in oesexuality which warrants the popular discourse on sexuality as oepart of our world freedom or something as an inspiring source for oeour own creation of oenew forms of relationships or oenew forms of love never before possible in human history This popular treatment of sexual freedom has become so politically correct in this day and age of ours that it fast degenerates into a seductive ideology which has impoverished our understanding of sexuality by blinding us from its dark sides Contrary to this intoxicating conventional wisdom the dark sides of this seductive ideology have yet to be systematically understood and that its very creative freedom is neither possible nor desirable to the extent that its advocates would like us to believe Of course this is not to suggest that sexuality should not be about freedom nor creativity or that the literature in sexual studies and other related fields like gender studies queer studies and cultural studies for example should be ignored because of their scholarly nonsense Needless to say neither of these two extreme views is reasonable either Instead the purpose of this book is to provide an alternative better way to understand the nature of sexuality in special relation to the sexual body and spirit in conjunction with the mind while learning from different approaches in the literature but without favoring any one of them nor integrating them since they are not necessarily compatible with each other This seminal project if successful will fundamentally change the way that we think about the nature of sexuality from the combined perspectives of the mind nature society and culture with enormous implications for the human future and what I originally called its oepost human fate
