Sexuality And The Politics Of Violence:

Sexuality and the Politics of Violence and Safety Leslie J. Moran, Beverley Skeggs, 2004 It breaks new ground in its examination of the rhetoric and politics of violence property home cosmopolitanism and stranger danger in the generation of safety and security *Paradoxical Right-Wing Sexual Politics in Europe* Cornelia Möser, Jennifer Ramme, Judit Takács, 2021-12-06 How did far right hateful and anti democratic ideologies become so successful in many societies in Europe This volume analyses the paradoxical roles sexual politics have played in this process and reveals that the incoherence and untruthfulness in right wing populist ultraconservative and far right rhetorics of fear are not necessarily signs of weakness Instead the authors show how the far right can profit from its own incoherence by generating fear and creating discourses of crisis for which they are ready to offer simple solutions In studies on Poland Hungary Spain Italy Austria Ireland Northern Ireland Portugal France Sweden and Russia the ways far right ideologies travel and take root are analysed from a multi disciplinary perspective including feminist and LGBTQI reactions Understanding how hateful and antidemocratic ideologies enter the very centre of European societies is a necessary premise for developing successful counterstrategies *Women's Health Movements* Meredith Turshen, 2019-09-05 This book follows the implications of the changing landscape for women's health and health care and their sexual and reproductive rights In the latest national and international health policy developments we are witnessing the effects of a series of concerted conservative attacks on women Facing this onslaught women's health movements are using the new technologies of the Internet and social media and finding other novel ways to advance their rights and protest against attempts to roll back the gains they made in the last four decades Detailed country case studies and discussions of topics ranging from violence against women disability and birth control as well as abundant examples of women's activism from all over the world make this account of women's health movements a lively informative and compelling read *Azadi: Sexual Politics and Postcolonial Worlds* Tara Atluri, 2016-02-01 In December of 2012 in Delhi India a woman was gang raped tortured and inflicted with such bodily violence that she died as a result of the injuries The case caused massive public protests in Delhi and throughout the Indian subcontinent These large scale public mobilizations lead to attempts to change national laws pertaining to sexual violence One year after this case The Supreme Court of India made the contentious decision to uphold Section 377 of the Indian Penal Code Section 377 instituted by British colonizers dates back to 1860 and criminalizes sexual activities deemed to be unnatural namely queer sex and queer people In December of 2013 massive protests also occurred throughout India regarding this decision Both these cases received worldwide media attention and lead to public demonstrations and debates regarding sexual politics throughout Asia and globally There was a resilient refrain heard at many of the political protests that took place A za di A za di is loosely translated into freedom Drawing on interviews done in the Indian subcontinent this book suggests that while colonial violence haunts postcolonial sexualities anti colonial resistance also remains echoing in the

streets like the chorus of an old song A za di *The Politics of Sexual Violence* A. Healicon, 2016-01-26 With the recent media interest in celebrity childhood sexual abuse and rape cases we think we know what sexual violence is and who rape victims are But this portrayal is limited Drawing on in depth accounts from women who have experienced rape this book revisits issues of credibility responsibility and feminism to provide missing details **Petro-sexual Politics** Heather M. Turcotte, 2008 *The Asian Migrant's Body* Michiel Baas, 2025-10-01 The Asian Migrant's Body Emotion Gender and Sexuality brings together papers that investigate the way Asian migrants experience think about perceive and utilize their bodies as part of the journeys they have embarked on In exploring how bodies are physically and symbolically marked by migration experiences this edited volume seeks to move beyond the immediate effects of hard labour and potentially exploitative or abusive situations It shows that migrants are not only on the receiving end where it concerns their bodies nor are their bodies only utilized for their work as migrants they also seek control over their bodies and to make them part of strategies to express themselves The collective papers in *The Asian Migrant's Body* argue that the body itself is a primary site for understanding how migrants reflect on and experience their migration trajectories **Security Studies** Xavier Guillaume, Kyle Grayson, 2023 *Security Studies Critical Perspectives* introduces the analysis of security from critical and interdisciplinary perspectives Taking a student centred approach to understanding contemporary security themes and cases it provides an accessible set of analytic steps so that students develop the critical thinking skills and confidence to ask important questions about security and our worlds in contemporary politics Common sense security assumptions that reproduce forms of oppression and domination are revealed and their justifications decentred while perspectives inclusive of class gender and sexualities ethnicity and race religion disability culture and ideology political belonging and the global south are introduced *The Politics of Interracial Sexuality in the Post-Civil Rights Era US* Jared C. Sexton, 2002

Soon after its publication in 1973 *Fear of Flying* brought Erica Jong immense popular success and media fame Alternately pegged sassy and vulgar Jong s novel embraced the politics of the women s liberation movement and challenged the definition of female sexuality Yet today more than twenty years and several books later literary reputation continues for the most part to elude Jong Typecast by her adversaries as a media seeking sensationalist Erica Jong has been unfairly side stepped by academia Charlotte Templin contends In this carefully researched study augmented by personal interviews with Jong Templin assembles and analyzes the medley of responses to Jong s books by reviewers critics writers academics and the media by liberals conservatives and feminists She examines the diverse opinions on the merit and relevance to contemporary life of *Fear of Flying* the invocation of a high culture low culture dichotomy to discredit *How to Save Your Own Life* the anatomy of literary success with Fanny Jong s reception in a postfeminist age and the trivialization of Jong s works that is inevitable with mass media exposure Templin also shows how antagonistic reviewers tend to identify Jong with her fictitious characters a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman In turn she shows how reviewers reveal something of their own values and ideological biases in their critiques and how literary reputations are built destroyed and altered over time The first book to make a detailed examination of the reputation of a woman writer *Feminism and the Politics of Literary Reputation* provides an excellent case study for the literary reception of women writers within a broad cultural context Templin s analysis offers valuable insight into the reception of women writers especially commercially successful women writers and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores
