Abstract

Sexual expressions in the 21st century have become diverse to the extent that previously stereotyped expressions are gaining popularity within Christian ethical discourses. Most Christian denominations differentiate homosexual orientation from homosexual behaviors. This distinction allows these denominations to denounce homosexual behaviors and tolerate homosexual orientation. The underlining notion is that one is not guilty until they have acted on their sexual orientation. Thus experiencing homosexual orientation alone does not necessarily make one a homosexual. This article examines sexual orientation and sexual behavior as components of sexual expression. The examination links sexual orientation and sexual behavior to sexual identity. The fundamental question of the inquiry is: are sexual orientations and sexual behaviors mutually exclusive as far as sexual expression is concerned? Are Christian denominations justified in denouncing homosexual behaviors but tolerant of homosexual orientations? The article reveals that not all sexual orientations have corresponding sexual behaviors, but sexual orientations influence sexual behaviors and the choice of a sex partner. Individuals determine their sexual identity through their preferred sexual orientation and not through their sexual behaviors or choice of a sex partner. Consequently, it is incorrect to focus on sexual behaviors or the gender of sex partners to respond to issues on sexual identity. Jesus' statement in Matthew 5:28 shows that unhealthy sexual orientation is as toxic as unhealthy sexual behavior. It is, therefore, inconsistent for a Christian community to strictly condemn sexual behaviors in same-sex relations while tolerating homoneoticism.

Keywords: homosexual, sexual behavior, sexual expression, sexual identity, sexual orientation.

Introduction

Sexual Reformation? Manitzka Kotzé, Nadia Marais, Nina Müller van Velden, 2022-02-28 Inasmuch as sex and sexuality are not words often spoken from pulpits and in academic theological circles a vast number of utterances have been made in the name of so called Christian values and biblical views on sex and sexuality These are often given from moral ethical perspectives and seemingly very prescriptive who should have sex with whom when sex should take place which purposes sex should serve and especially when sex is wrong Moreover often there is little or no recognition of the complexities surrounding human sexuality resulting in what appears to be a blueprint for sexuality applicable to all persons This volume contains fourteen theological and ethical reflections by South African scholars on human sexuality with the aim of exploring what a sexual reformation within Christian dialogue might entail Presented in three sections namely systematic theological

 Reimer-Barry,2015-04-09 Marriage for Life begins by listening to the lived experiences of Catholic married HIV positive
 women in order to better understand their struggles The eight women interviewed in Chicago Illinois USA shared their
 stories of marriage of family life of church involvement and of living with HIV Their candid reflections offer a fresh and
 grounded perspective on the challenges of living with HIV in a US context After listening to and learning from these women s
 experiences Reimer Barry constructs a theology of Christian marriage that is life giving in a world with AIDS While Catholic
 teachings have developed and now affirm the equal dignity of women and men troubling legacies of women s subordination
 remain embedded in liturgical practices and theological texts Arguing that self care is an indispensable component of a
 healthy marriage Reimer Barry constructs a life affirming theology of marriage that is sensitive to the struggles of her
 collaborators She argues that marriage for life must promote the full flourishing of both partners respect wives as equal
 partners with their husbands and offer a coherent and empowering sexual ethic Building on the wisdom of her collaborators
 lived experiences Reimer Barry examines the need for a more adequate Catholic response to HIV and AIDS arguing that
 church communities should promote comprehensive sexual education affirm both abstinence and condom use for HIV
 prevention and actively work to reduce stigmatizing behaviors within church communities She also unpacks the implications
 of marriage for life for Catholic liturgical practice marriage preparation programs sexual education programs and family
 ministries Modeling her method on what Pope Francis calls the art of accompaniment Reimer Barry argues that Catholic
 theology of marriage must be renewed and updated so that all can plainly understand that marriage is for life **New Titles
