Shadow Mountain A Memoir Of Wolves A Woman And The Wild:

Shadow Mountain Renee Askins,2002-08-13 After forming an intense bond with Natasha a wolf cub she raised as part of her undergraduate research Renee Askins was inspired to found the Wolf Fund As head of this grassroots organization she made it her goal to restore wolves to Yellowstone National Park where they had been eradicated by man over seventy years before In this intimate account Askins recounts her courageous fifteen year campaign wrangling along the way with Western ranchers and their political allies in Washington enduring death threats and surviving the anguish of illegal wolf slayings to ensure that her dream of restoring Yellowstone's ecological balance would one day be realized Told in powerful first person narrative Shadow Mountain is the awe inspiring story of her mission and her impassioned meditation on our connection to the wild

The Last Stand of the Pack Arthur Carhart,2017-12-01 This critical edition explores the past and future of wolves in Colorado Originally published in 1929 The Last Stand of the Pack is a historical account of the extermination of what were then believed to be the last wolves in Colorado Arthur H Carhart and Stanley P Young describe the wolves extermination and extoll the bravery of the federal trappers hunting them down while simultaneously characterizing the wolves as cunning individuals and noble adversaries to the growth of the livestock industry and the settlement of the West This is nature writing at its best even if the worldview expressed is at times jarring to the twenty first century reader Now almost 100 years later much has been learned about ecology and the role of top tier predators within ecosystems In this new edition Carhart and Young's original text is accompanied by an extensive introduction with biographical details on Arthur Carhart and an overview of the history of wolf eradication in the west chapters by prominent wildlife biologists environmentalists wolf reintroduction activists and ranchers Tom Compton Bonnie Brown Mike Phillips Norman A Bishop and Cheney Gardner and an epilogue considering current issues surrounding the reintroduction of wolves in Colorado Presenting a balanced perspective these additional chapters address views both in support of and opposed to wolf reintroduction Coloradans are deeply interested in wilderness and the debate surrounding wolf reintroduction but for wolves to have a future in Colorado we must first understand the past The Last Stand of the Pack Critical Edition presents both important historical scholarship and contemporary ecological ideas offering a complete picture of the impact of wolves in Colorado

On the Trail of Wolves Philippa Forrester,2020-05-14 A chance to move to the US Wild West allows TV presenter Philippa Forrester to fulfil a lifelong dream of living among and learning all she can about wolves When Philippa Forrester and her nature loving family moved to the wilds of Grand Teton National Park they quickly learned to love the wildlife of Wyoming and nearby Yellowstone The sounds of wolves close to their new home fed Philippa's lifelong fascination with these remarkable animals but nothing she had learned about wolves from her studies in the UK could have prepared her for the reality of living in wolf country And as she and her family settled into their new wilder way of life she discovered many locals are not excited about sharing their land with wolves Twenty five years after wolves were reintroduced to Yellowstone National Park wolf packs are spreading

into areas where their protection has been removed by the American administration Without that protection what is the future for wolves where many people resent that they were ever here at all In *On the Trail of Wolves* Philippa vividly recounts her adventures living among the grizzlies elk and wolves in her new home in America's Wild West and chronicles her journeys further from home to talk to conservationists rangers hunters and ranch owners to investigate when and why opinions on wolves became so polarised

The Killing of Wolf Number Ten Thomas McNamee, 2014-06-03 A killer A manhunt The triumph of justice and of the wolf The greatest event in Yellowstone history Greater Yellowstone was the last great truly intact ecosystem in the temperate zones of the earth until in the 1920s U S government agents exterminated its top predator the gray wolf With traps and rifles even torching pups in their dens the killing campaign was entirely successful The howl of the evil wolf was heard no more The good animals elk deer bison proliferated until they too had to be managed Two decades later recognizing that ecosystems lacking their keystone predators tend to unravel the visionary naturalist Aldo Leopold called for the return of the wolf to Yellowstone It would take another fifty years for his vision to come true In the early 1990s as the movement for Yellowstone wolf restoration gained momentum rage against it grew apace When at last in February 1995 fifteen wolves were trapped in Alberta and brought to acclimation pens in Yellowstone even then legal and political challenges continued There was also a lot of talk in the bars about shoot shovel and shut up While the wolves' enemies worked to return them to Canada the biologists in charge of the project feared that the wolves might well return on their own Once they were released two packs remained in the national park but one bore only one pup and the other none The other comprising Wolves Nine and Ten and Nine's yearling daughter disappeared They were in fact heading home As they emerged from protected federal land an unemployed ne'er-do-well from Red Lodge Montana trained a high powered rifle on Wolf Number Ten and shot him through the chest Number Nine dug a den next to the body of her mate and gave birth to eight pups The story of their rescue and the manhunt for the killer is the heart of *The Killing of Wolf Number Ten* Read this book and if you are ever fortunate enough to hear the howling of Yellowstone wolves you will always think of Wolves Nine and Ten If you ever see a Yellowstone wolf chance are it will be carrying their DNA The restoration of the wolf to Yellowstone is now recognized as one of conservation's greatest achievements and Wolves Nine and Ten will always be known as its emblematic heroes

A Place Called Yellowstone Randall K. Wilson, 2024-10-08 WINNER OF THE BARBARA AND DAVID ZALAZNICK BOOK PRIZE Finalist for the High Plains International Book Award INSIDE YELLOWSTONE NATIONAL PARK Discover the epic history of the first US national park in this historical adventure for fans of American history the Wild West and the hit show Explore how Yellowstone's remote Western landscape became a symbol of our country and an integral part of our understanding of the natural world It has been called Wonderland America's Serengeti the crown jewel of the National Park System and America's best idea But how did this faraway landscape evolve into one of the most recognizable places in the world As the birthplace of the national park system Yellowstone witnessed the first ever

attempt to protect wildlife to restore endangered species and to develop a new industry centered on nature tourism Yellowstone remains a national icon one of the few entities capable of bridging ideological divides in the United States Yet the park s history is also filled with episodes of conflict and exclusion setting precedents for Native American land dispossession land rights disputes and prolonged tensions between commercialism and environmental conservation Yellowstone s legacies are both celebratory and problematic A Place Called Yellowstone tells the comprehensive story of Yellowstone National Park as the story of the nation itself **Going Places** Robert Burgin,2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives Going Places A Reader s Guide to Travel Narratives meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alike and related reads by shared key topics The author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing *International Wolf* ,2003

Wolves and the Wolf Myth in American Literature S. K. Robisch,2009 This book presents a new perspective on the role of the wolf in American literature The wolf is one of the most widely distributed canid species historically ranging throughout most of the Northern Hemisphere For millennia it has also been one of the most pervasive images in human mythology art and psychology Wolves and the Wolf Myth in American Literature examines the wolf s importance as a figure in literature from the perspectives of both the animal s physical reality and the ways in which writers imagine and portray it Author S K Robisch examines more than two hundred texts written in North America about wolves or including them as central figures From this foundation he demonstrates the wolf s role as an archetype in the collective unconscious its importance in our national culture and its ecological value Robisch takes a multidisciplinary approach to his study employing a broad range of sources myths and legends from around the world symbology classic and popular literature films the work of scientists in a number of disciplines human psychology and field work conducted by himself and others By combining the fundamentals of scientific study with close readings of wide ranging literary texts Robisch astutely analyzes the correlation between actual living wolves and their representation on the page and in the human mind He also considers the relationship between literary art and the natural world and argues for a new approach to literary study an ecocriticism that moves beyond anthropocentrism to examine the complicated relationship between humans and nature *Yellowstone Science* ,2005

Voices of the American West Corinne Platt,Meredith Ogilby,2009 This documentary style collection of photographs

and narratives profiles a wide range of prominent figures of the West as they engage in candid discussions about the region and its identity. A diverse group of visionary men and women they may differ in politics but remain united in their belief that the West requires inspired action if it is going to endure challenges posed by political, cultural and environmental pressures. Allowing those on each side of the issues to speak freely, this important work tackles such topics as education, recreation, immigration, ranching, alternative energy, wildlife habitat protection, oil and gas extraction, urban development and water conservation. Exemplifying photography and journalism at its best, the book provides a panoramic view of today's evolving West. The collection features Terry Tempest Williams, Stewart Udall, Katie Lee, Dave Foreman and many others. **Explorers Journal** Ernest Ingersoll, 2002 *Tolkien's Shorter Works* Margaret Hiley, Frank Weinreich, 2008 Tolkien's Middle-earth and its legendarium have drawn extensive scholarly attention. But there is more to Tolkien than the history and legends of Middle-earth and there has hitherto been a certain lack of academic criticism focused primarily on his shorter fictional works. Farmer Giles of Ham, Smith of Wootton Major, Roverandom and his poetry. Although scholarly evaluations of these works exist, they often deal with the shorter texts more as an afterthought, as footnotes to the major texts rather than as demanding attention in their own right. This dearth of studies suggests that it is time for a closer look at Tolkien's Shorter Works. The current volume collects the findings of a joint conference of Walking Tree Publishers who co-organised this event in order to celebrate their tenth anniversary and the German Tolkien Society at the Friedrich Schiller University in Jena, Germany, in 2007. Various interesting aspects, details and connections are unearthed which are likely to broaden not simply the understanding of Tolkien's Shorter Works but also of the author's overall fictional work as well as the man and author J.R.R. Tolkien himself. Library Journal, 2002. Includes beginning Sept 15 1954 and on the 15th of each month Sept-May a special section. School library journal ISSN 0000-0035 called Junior Libraries 1954-May 1961. Also issued separately. *The Book Review Digest*, 2003. *Forthcoming Books* Rose Arny, 2003. The New York Times Index, 2002. **Kliatt Young Adult Paperback Book Guide**, 2004. **The Publishers Weekly**, 2002. Access, 2003. A complete concordance to the Old and New Testament, with a memoir by W. Youngman Alexander Cruden, 1896.

Uncover the mysteries within Crafted by is enigmatic creation, **Shadow Mountain A Memoir Of Wolves A Woman And The Wild** .
