Shadow Of Weng Chiang:

The Shadow of Weng-Chiang David A. McIntee,1996 The search for the fourth segment to the Key to Time brings the Doctor and Romana to 1930s Shanghai In this dark and shadowy world on the brink of war strange forces are at work in the illegal clubs and opium dens

Timeless Adventures Brian J. Robb,2023-10-05 This critical history of Doctor Who covers the series 60 years from the creation of the show to its triumph as Britain's number one TV drama Opening with an in depth account of the creation of the series within the BBC of the early 1960s each decade of the show is tackled through a unique political and pop cultural historical viewpoint exploring the links between contemporary Britain and the stories Doctor Who told and how such links kept the show popular with a mass television audience *Timeless Adventures* reveals how Doctor Who is at its strongest when it reflects the political and cultural concerns of a mass British audience the 1960s 1970s and 21st Century and at its weakest when catering to a narrow fan based audience as in the 1980s The book also addresses the cancellation of the show in the late 1980s following the series becoming increasingly self obsessed and the ways in which a narrowly focused dedicated fandom contributed to the show's demise and yet was also instrumental in its regeneration for the 21st Century under Russell T Davies and analyses the new series to reveal what has made it so popular reflecting real world issues like consumerism and dieting

Doctor Who-Guide 2/3 Compiled from Wikipedia pages and published by Dr Googelberg,2012-08-07 Almost everything about the good doctor his companions and travels his enemies and friends Additionally the actors etc Part three contains all summaries of all TV episodes Compiled from Wikipedia pages and published by Dr Googelberg

Ruminations, Peregrinations, and Regenerations Christopher J. Hansen,2010-03-08

Peregrinations Ruminations and Regenerations A Critical Approach to Doctor Who examines the famous BBC science fiction show as a cultural artifact in dialogue with other science fiction with politics and religion and with the culture at large both in terms of how it reflects and comments upon that culture and in terms of the audience and the peculiarities of its response This book enables researchers in film and media to make historical industrial aesthetic and ideological connections between and among Doctor Who and other shows and historical events since its inception in 1963 This volume is a new entry in a relatively new area As the young fans of Doctor Who have matured and as many have become scholars they are returning to the show to consider it from a scholarly perspective It is also of use in the media studies classroom to address directly the issues presented by the longest running science fiction show in the history of the medium *Peregrinations Ruminations and Regenerations* considers not only cultural ramifications and connections but audience studies as well
