Shadow On The Glass:

The Shadow Glass Josh Winning, 2022-03-22 Dark Crystal meets About a Boy in a race against the clock to save the world in this nostalgia infused adventure Jack Corman is failing at life Jobless jaded and on the wrong side of thirty he is facing the threat of eviction from his London flat while reeling from the sudden death of his father one time film director Bob Corman Back in the eighties Bob poured his heart and soul into the creation of his 1986 puppet fantasy The Shadow Glass a film Jack loved as a child idolising its fox like hero Dune But The Shadow Glass flopped on release deemed too scary for kids and too weird for adults and Bob became a laughing stock losing himself to booze and self pity Now the film represents everything Jack hated about his father and he lives with the fear that he will end up a failure just like him In the wake of Bob's death Jack returns to his decaying home a place creaking with movie memorabilia and painful memories Then during a freak thunderstorm the puppets in the attic start talking Tipped into a desperate real world quest to save London from the more nefarious of his father's creations Jack teams up with excitable fanboy Toby and spiky studio executive Amelia to navigate the labyrinth of his father's legacy while conjuring the hero within and igniting a Shadow Glass resurgence that could finally do his father proud *The Shadow on the Glass* Ian Irvine, 1997 **The Electrical Journal**, 1879 *Chemical news and Journal of physical science*, 1897 Disruptions Steven Millhauser, 2025-04-15 AN NPR AND NEW YORKER BEST BOOK OF THE YEAR An exquisite new collection from a Pulitzer Prize winning master of the short story the culmination of a five decade career work that takes us beneath the placid surface of suburban life into the elusive strangeness of the everyday Here are eighteen stories of astonishing range and precision A housewife drinks alone in her Connecticut living room A guillotine glimmers above a sleepy town green A pre recorded customer service message sends a caller into a reverie of unspeakable yearning With the deft touch and funhouse mirror perspectives for which he has won countless admirers Steven Millhauser gives us the towns marriages and families of a quintessential American lifestyle that is at once instantly recognizable and profoundly unsettling *Disruptions* is a collection of provocative bracingly original new work from a writer at the peak of his form **The Chemical News and Journal of Industrial Science** William Crookes, James H. this molecule and topics covered included water in relation to other liquids biological water local environment of water
 protons atmospheric water amorphous solid phases of water NMR studies of water spectroscopic studies of water the
 structure of liquid water and supercooled water among others While this list is by no means exhaustive or complete it is wide
