Torture Neve Gordon, Ruchama Marton, Jon Jay Neufeld, 1995 This book is a contribution to our understanding of the ongoing practice of torture and the issues raised for society as a whole and the medical profession in particular In focusing on Israel where over 400 000 Palestinians from the West Bank and Gaza have been detained or gaoled

since 1967 and where despite the faltering peace process the security forces still lock up and ill treat several thousand people annually this book is a timely examination of torture in Israel and the Occupied Territories Its analysis and evidence are supplemented by action oriented recommendations for an international campaign against torture the role that codes of medical ethics reproduced in this book s Appendixes can play and use of the legal system within Israel itself **The Vindico** Wesley King,2012-06-14 X Men meets The Breakfast Club in this darkly humorous adventure The Vindico are a group of supervillains who have been fighting the League of Heroes for as long as anyone can remember Realizing they re not as young as they used to be they devise a plan to kidnap a group of teenagers to take over for them when they retire after all how hard can it be to teach a bunch of angsty teens to be evil Held captive in a remote mansion five teens train with their mentors and receive superpowers beyond their wildest dreams Struggling to uncover the motives of the Vindico the teens have to trust each other to plot their escape But they quickly learn that the differences between good and evil are not as black and white as they seem and they are left wondering whose side they should be fighting on after all With fast paced action punchy dialogue and sarcastic humor this high stakes adventure from a talented new YA voice pulls you in from the first page **The Shadow of the Torturer** Gene Wolfe,1984-06-03 In a thoroughly decadent world of the future Severian the torturer is cast out from the torturer s guild when he falls in love with one of his victims and allows her to die On Your Hands Jordan St. James,2025-01-01 SILVERSAAR SAID THE ANSWER IS ON THEIR HANDS In the wake of Silversaar s death the magical restraint on Malachai s power has been broken and the knowledge of how to use runic magic has been restored to the Baldomar people Far from her elvish homeland Aeryn Haranae works alongside Josef Erlander to take up the responsibility given to them by Silversaar If the past and whispers from afar are any indication Malachai is certain to continue his campaign to subjugate the realm and eradicate the Baldomar As she learns to live and lead among the Baldomar it s difficult to imagine how a small village of farmers and craftsmen can defy Malachai and prevail Old and new alliances form as Aeryn and Josef set out once again this time to build a coalition to fight Malachai Their efforts lead them into new lands and the stark realization that the enemy is more formidable than imagined When Aeryn realizes triumph is likely to be as tragic and bleak as failure she secretly strikes a dangerous bargain to alter the trajectory of the war Freedom for those she loves comes at a cost **Genreflecting** Diana Tixier Herald,2000 Nearly 6 000 titles aid in collection development research and reader s advisory **The Animals' Friend** ,1894 Der Rabe ,1984 **Fresh Perspectives on the 'War on Terror'** Miriam Gani,Penelope Mathew,2008-07-01 On 20 September 2001 in an address to a Joint Session of Congress and the American people President George W Bush declared a war on terror The concept of the war on terror has proven to be both an attractive and a potent rhetorical device It has been adopted and elaborated upon by political leaders around the world particularly in the context of military action in Afghanistan and Iraq But use of the rhetoric has not been confined to the military context The war on terror is a domestic one also and the phrase has been used to account for broad criminal

legislation sweeping agency powers and potential human rights abuses throughout much of the world This collection seeks both to draw on and to engage critically with the metaphor of war in the context of terrorism It brings together a group of experts from Australia Canada the United Kingdom France and Germany who write about terrorism from a variety of disciplinary perspectives including international law and international relations public and constitutional law criminal law and criminology legal theory and psychology and law

Water Look Away Bob Hicok, 2023-08-22 Bob Hicok's *Water Look Away* is an experimental conversation with the highest and lowest facets of humanity Once a man who sometimes wanted to kill himself loved a woman who sometimes wanted to live In Bob Hicok's *Water Look Away* we witness a brilliant poet enter a dark space and attempt to write himself out again Told in experimental forms from a range of perspectives a wife who commits suicide a husband left behind this raw collection reads like a novella and wrestles with loss as it complicates the grief process Working backwards from acceptance to explore depression and anger heartbreak and remorse often with great tenderness *Water Look Away* offers pages of insight that will make you reach for a pen Here poetry embalms a marriage an experimental affair a series of miscarriages a red bed painted on a wall When the retelling of their first meeting morphs from recounting to dreampage Hicok asks how long can we trust memory when those we love are no longer there to remember with us These are not passive poems period placement unconventional spellings and neologisms invite an active reader who is prepared to question meaning and intention A present collection written in the past tense these lines make you want to hold your loved ones closer and prove that while this collection is no fairytale it is still a love story of husband and wife of poetry and language Within every poem is an undeniable love for words and a vulnerable appeal to individuals who share this affinity for language I'm always reading Turning the pages of your face Dog earring the way you smiled
