The New York Times Index, 2000 Shadow Princess Sophie Weston, 1986 Shadow Princess by Sophie Weston released on Oct 25 1986 is available now for purchase *The British National Bibliography* Arthur James Wells, 2001 **Out of the Shadows** Ruzy Suliza Hashim, 2003 *Critical Theory and the Novel* David Bruce Suchoff, 1994 Using the methods of Frankfurt School theorists Walter Benjamin and Theodor Adorno David Suchoff offers new readings of Dickens Melville and Kafka that underscore the political and social critiques inherent in their novels Suchoff's aim is to redeem the critical power of mass culture in the modern novel and he argues that ideological battles fought in American literary criticism during the Cold War decades have limited our current interpretations of mass culture's critical force in political fiction Suchoff

demonstrates how the works of these nineteenth and early twentieth century novelists were taken up into the Cold War literary canon and made to fit the arguments of American liberal critics for subversive fiction and of New Historicist critics for a contained modern novel Applying Benjamin s redemptive criticism and Adorno s dialectical method Suchoff s readings of Dickens Melville and Kafka show how the political problems posed by mass culture and audience for each writer became part of the dialectically critical grain of their most important social novels He examines Dickens s struggle with Victorian taste and the relation of his work to advertising and other nonliterary forms Melville s confrontations with popular ideologies of American expansion and race and Kafka s concern with the popular Yiddish theater and Jewish political movements Throughout Suchoff reveals the continuing importance of commodity culture in the novel tradition and the concurrent development of cultural criticism *Critical Theory and the Novel* provides a useful introduction to Benjamin and Adorno and their uses in practical criticism It is also an illuminating study of the historical origins of literary theory and cultural criticism and a contribution to the expanding field of Cultural Studies *Great Events from History: 1972-1998* Carl Leon Bankston, 2009 The latest edition in the overwhelmingly popular Great Events from History series Modern Scandals examines over 400 of the most important and most publicized scandals throughout the world since the beginning of the twentieth century The essays in this set are 3 5 pages long and follow the same reader friendly format that users have come to expect from the Great Events from History series
