## **Shaker Days Remembered:**

**The A to Z of the Shakers** Stephen J. Paterwic, 2009-09-28 The United Society of Believers in Christ's Second Appearing commonly known as the Shakers followed Mother Ann Lee to the United States in 1774 when life in England became difficult. In the United States they established several colonies whose governing principals included celibacy and agrarian communal living. Even at its peak however Shakerism claimed only about 4 500 members. Today except for one active community in Sabbathday Maine the great Shaker villages are diminished but the Shakers left an enduring impact on the religion and culture of the United States. The A to Z of the Shakers relates the history of this fascinating group through a chronology, an introductory essay, a bibliography, and over 200 cross referenced dictionary entries on Shaker communities, industries, individual families, and important people. Every definition, biography, and point of history was submitted to the Shakers at Sabbathday Lake for their review before it was included for publication. As such the voice of the contemporary Shakers is found in the dictionary and they have given it their unequivocal endorsement.

**Die Kleidung der Shakerschwester im 19. Jahrhundert** Ulla Gohl-Völker, **Historical Dictionary of the Shakers** Stephen J. Paterwic, 2017-06-15 Shakerism teaches God's immanence through the common life shared in Christ's mystical body. Like many religious seekers throughout the ages they honor the revelation of God but cannot be bound up in an unchanging set of dogmas or creeds. Freeing themselves from domination by the state religion, Mother Ann Lee and her first followers in mid 18th century England labored to encounter the Godhead directly. They were blessed by spiritual gifts that showed them a way to live the heavenly life on Earth. The result of their efforts was the fashioning of a celibate communal life called the Christlife wherein a person after confessing all sin through the indwelling of the Holy Spirit can travel the path of regeneration into ever increasing holiness. Pacifism, equality of the sexes, and withdrawal from the world are some of the ways the faith was put into practice. This second edition of Historical Dictionary of the Shakers contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 300 cross referenced entries on Shaker communities, industries, individual families, and important people. This book is an excellent resource for students, researchers, and anyone wanting to know more about the Shakers.

**Selling Shaker** Stephen Rowe, Peter Richmond, 2007-01-01 The simple yet striking lines of Shaker design grace much of the furniture we see in high end department stores and beautiful examples of it adorn the pages of Architectural Digest and House Beautiful. How did this style evolve from its origins in a humble small religious community to the international design phenomenon it is today? This illustrated study explores the emergence of the Shaker style and how it was vigorously promoted by scholars and artists into the prominence it now enjoys. The heart of the Shaker style lies in the religious movement founded in the eighteenth century where Stephen Rowe and Peter Richmond begin their chronicle. From there the authors chart the evolution of the style into the twentieth century, particularly in the hands of design media scholars and art institutions. These Shaker agents repositioned Shaker style continuously from local vernacular

to high culture and then popular culture Drawing on a rich array of sources including museum catalogs contemporary design magazines and scholarly writings *Selling Shaker* illustrates in detail how the Shaker style entered the general design consciousness and how the original aesthetic was gradually diluted into a generic style for a mass audience A wholly original and fascinating study of American design and consumption *Selling Shaker* is a unique resource for collectors scholars and anyone interested in the cultural history of a design aesthetic

## Embracing the Song of Expression: An Mental Symphony within **Shaker Days Remembered**

In a global consumed by displays and the ceaseless chatter of fast connection, the melodic splendor and emotional symphony developed by the written word often disappear into the background, eclipsed by the constant sound and disturbances that permeate our lives. However, located within the pages of **Shaker Days Remembered** a stunning literary treasure overflowing with natural emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, that fascinating masterpiece conducts readers on a psychological journey, skillfully unraveling the hidden songs and profound impact resonating within each carefully constructed phrase. Within the depths of the moving analysis, we shall discover the book is main harmonies, analyze their enthralling writing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
