Shakespeare and the American Nation

CAMBRIDGE

Shakespeare And The American Nation

**John Arthur Garraty, Mark Christopher
Carnes**

Shakespeare And The American Nation:

Shakespeare and the American Nation Kim C. Sturges, 2004-06-17 Why do so many Americans celebrate Shakespeare a long dead English poet and playwright By the nineteenth century newly independent America had chosen to reject the British monarchy and Parliament class structure and traditions yet their citizens still made William Shakespeare a naturalized American hero Today the largest group of overseas visitors to Stratford upon Avon the Royal Shakespeare Company and Bankside's Shakespeare's Globe Theatre come from America Why Is there more to Shakespeare's American popularity than just a love of men in doublet and hose speaking soliloquies This book tells the story of America's relationship with Shakespeare The story of how and why Shakespeare became a hero within American popular culture Sturges provides evidence of a comprehensive nineteenth century appropriation of Shakespeare to the cause of the American Nation and shows that as America entered the twentieth century a new world power for many Americans Shakespeare had become as American as George Washington

The Oxford Handbook of Shakespeare Arthur F Kinney, 2011-12-22 Situated within the Oxford Handbooks to Literature series the group of Oxford Handbooks to Shakespeare are designed to record past and present investigations and renewed and revised judgments by both familiar and younger Shakespearean specialists Each of these volumes is edited by one or more internationally distinguished Shakespearians together they comprehensively survey the entire field An essential resource for the study of Shakespeare The Oxford Handbook to Shakespeare is edited by esteemed scholar Arthur Kinney and contains forty specially written essays It provides fresh and imaginative readings of his plays and poems reflects on the current state of Shakespeare Studies and suggests the likely future directions it will take The Handbook is divided into five sections Texts explores how Shakespeare wrote who he collaborated with the ways in which his works were transmitted and the reactions of his early readers Conditions examines the economic social artistic and linguistic forces at play on Shakespeare Works discusses the various stages of his career Performances is concerned with issues such as the reception of his plays the theatre business and film adaptations and Current Speculations includes essays on topics ranging from the role of philosophical thought and the influence of classical sources to the relevance of empire technology religion and law By covering the range of Shakespeare's work in his time and ours this myriad minded book deepens and enriches our understanding of the great poet and unparalleled playwright's accomplishments

[Shakespeare's Tercentenary](#) Monika Smialkowska, 2023-12-21 The worldwide commemorations of the three hundredth anniversary of Shakespeare's death were held amid the global upheaval of the First World War As empires battled for world domination and nations sought self determination diverse communities vied to claim Shakespeare as their own to underpin their sense of collective identity and cohesion Unearthing previously unknown Tercentenary events in Europe the British Empire and the USA Monika Smialkowska demonstrates that the 1916 Shakespeare commemorators did not speak with one unified voice Tributes by marginalised social ethnic and racial groups often challenged the homogenising narratives of the official

celebrations Rather than the traditionally patriotic Bard used to support totalising versions of national or imperial identity this study reveals Shakespeare as a site of debate and contestation in which diverse voices local and global nationalist and universalist militant and pacifist combined and clashed in a fascinating open ended dialogue **The American Nation**

James Harrison Kennedy,1888 **American Tyrannies in the Long Age of Napoleon** Elizabeth Duquette,2023-08-29

What if the American experiment is twofold encompassing both democracy and tyranny That is the question at the core of this book which traces some of ways that Americans across the nineteenth century understood the perversions tyranny introduced into both their polity and society While some informed their thinking with reference to classical texts which comprehensively consider tyranny s dangers most drew on a more contemporary source Napoleon Bonaparte the century s most famous man and its most notorious tyrant Because Napoleon defined tyranny around the nineteenth century Atlantic world its features and emergence its relationship to democratic institutions its effects on persons and peoples he provides a way for nineteenth century Americans to explore the parameters of tyranny and their complicity in its cruelties Napoleon helps us see the decidedly plural forms of tyranny in the US bringing their fictions into focus At the same time however there are distinctly American modes of tyranny From the tyrannical style of the American imagination to the usurping potential of American individualism Elizabeth Duquette shows that tyranny is as American as democracy *The American Nation and Shakespeare* Kim Sturgess,University of East Anglia,2003 **Shakespeare's Literary Lives** Paul Franssen,2016-01-21 In this book Franssen investigates the use of Shakespeare as a fictional character in different literary genres periods and cultures **Shakespeare in American Life** Folger Shakespeare Library,2007 Published in conjunction with the exhibition Shakespeare in American Life presented at the Folger Shakespeare Library Washington DC from 8 March through 18 August 2007 in celebration of the Library s 75th anniversary back of title page **The American Nation** ,1894 *Todd & Curti's the American Nation* Paul S. Boyer,1995 This book explores seven broad themes central to American history global relations the Constitutional heritage democratic values technology and society cultural diversity geographic diversity and economic development They provide a context for the historical events which will help the student understand the connections between historical events and see how past events are relevant to today s social political and economic concerns Themes in American history Throughout the book the student is asked to think critically about the events and issues that have shaped U S history Helping the student develop critical thinking skills is a key goal of the text Critical thinking and the study of history **A Short History of the American Nation** John Arthur Garraty,Mark Christopher Carnes,2000 Long respected for its lush narrative and balanced coverage A Short History of The American Nation uses political history as the framework for an engaging discussion of social economic and cultural developments in this country Numerous anecdotes new biographical portraits new American Lives essays and extensive quotations help give students a closer view of the major figures and events on the American historical stage Mark Carnes joins John Garraty in preparing the Eighth Edition of A Short History of

The American Nation Selected by Garraty Mark Carnes scholarly specialization in cultural and social issues especially gender complements Garraty's specialty in politics and the economy In the new edition of this bestseller every chapter has been reviewed and updated with a substantially rewritten Chapter 1 a new final Chapter 33 Crimes and Misdemeanors and reorganized Chapters 29-32 New material on women has been added throughout the book The new four color format of the Eighth Edition enhances the value of the map program Many more photographs have been added making the book more visually compelling and accessible New captions emphasize how illustrations interpret the past

The American Nation: A history of the United States to 1877 John Arthur Garraty, 1987

The American Nation Ellen Howell Meyers, John A. Garraty, 1979

Broadway [2 volumes] Thomas A. Greenfield, 2009-12-23 This is the most comprehensive and insightful reference available on Broadway theater as an American cultural phenomenon and an illuminator of American life Broadway An Encyclopedia of Theater and American Culture is the first major reference work to explore just how much the Great White Way illuminates our national character In two volumes spanning the era from the mid 19th century to the present it offers nearly 200 entries on a variety of topics including spotlights on 30 landmark productions from Shuffle Along to Oklahoma to Oh Calcutta to The Producers that not only changed American theater but American culture as well In addition Broadway offers thirty extended thematic essays gauging the powerful impact of theater on American life with entries on race relations women in society sexuality film media technology tourism and off Broadway and noncommercial theater There are also 110 profile entries on key persons and institutions from the famous to the infamous to the all but forgotten whose unique careers and contributions impacted Broadway and its place in the American landscape Comprises nearly 200 entries of landmark productions important theater artists and topics that highlight Broadway's powerful impact on American culture Brings together the work of 65 contributors including leading academic writers and researchers in theater and popular culture as well as working theater professionals Presents a timeline of major events including openings of selected landmark productions and birthdates of selected critical figures Showcases 80-90 photographs of key figures and scenes from landmark productions Provides a survey of both print and online resources including general references specific studies and selected biographies Offers a glossary of selected production and business terms Includes an index of names productions and themes

Europe and America Jacques Portes, 1987 Dans ce livre sont réunies certaines des communications présentées lors de l'atelier Europe Viewing America America viewing Europe de la conférence de l'EAAS Budapest en mars 1986 Ces textes viennent de divers pays leurs auteurs sont aussi bien des historiens que des littéraires ou des civilisationnistes Au premier coup d'oeil l'ouvrage peut sembler hétéroclite toutefois sa richesse apparaît rapidement Il s'agit d'une histoire faite de loignement et de rapprochement L'Europe et les Etats Unis étaient alors aussi éloignés l'un de l'autre qu'ils pouvaient être proches surtout dans une période où les seconds dépendaient encore de la première tout en cherchant de développer leur propre personnalité C'est alors que l'Europe acquit sa fascination pour le Nouveau Monde malgré des réticences Les liens entre les Etats

Unis et l'Europe sont encore aujourd'hui faits de trançes et de familiarité. Il est important d'en savoir plus sur les racines de notre attitude actuelle. Laissons les lecteurs les découvrir.

The American Nation John A. Garraty, 1971

The American Nation John Arthur Garraty, Mark Christopher Carnes, 2002-06. Long positioned and long respected as a bestseller for the U.S. history survey course that focuses on political history as its framework, this textbook's most significant strength is its rich and distinctive prose. For this Eleventh Edition, co-authors Mark Carnes of Barnard College at Columbia University and John Garraty have collaborated to retell the story of America's past. For the Eleventh Edition, the authors have written a new prologue on pre-Columbian America and the continent's earliest human inhabitants, revised each chapter to incorporate recent research and scholarship, integrated more social and cultural history, selected many new illustrations, and written informative new captions to engage students visually. Introduced two new features and updated the final chapter 33 to carry the story through the election of 2000, the beginnings of the Bush administration, and the events and aftermath of September 11, 2001, which have profoundly changed the American nation and its people.
