**Jahresbibliographie Massenkommunikation** ,2002 Global Shakespeare and Social Injustice Chris Thurman, Sandra Young, 2023-05-04 The chapters in this book constitute a timely response to an important moment for early modern cultural studies the academy has been called to attend to questions of social justice It requires a revision of the critical lexicon to be able to probe the relationship between Shakespeare studies and the intractable forms of social injustice that infuse cultural political and economic life This volume helps us to imagine what radical and transformative pedagogy theatre making and scholarship might look like The contributors both invoke and invert the paradigm of Global Shakespeare building on the vital contributions of this scholarly field over the past few decades but also suggesting ways in which it cannot quite accommodate the various global Shakespeares presented in these pages A focus on social justice and on the many forms of social injustice that demand our attention leads to a consideration of the North South constructions that have tended to shape Global Shakespeare conceptually in the same way the material histories of North and South have shaped global injustice as we recognise it today Such a focus invites us to consider the creative ways in which Shakespeare's imagination has been taken up by theatre makers and scholars alike and marshalled in pursuit of a more just world *Das Schweizer Buch* ,2002 **Examining Aspects of Sexuality and the Self** ,2020-05-06 This volume presents various points of view on historical sociological and linguistic approaches to sexuality and the self This eBook is comprised of thirteen chapters and is a result of proceedings from the 6th Global Conference on Persons and Sexualities **Subject Guide to Books in Print** ,1991 **A Reference Guide for English Studies** Michael J. Nichols,2019-05-23 In this edited collection of essays ten experts in film philosophy explore the importance of transcendence for understanding cinema as an art form They analyze the role of transcendence for some of the most innovative film directors David Cronenberg Karl Theodor Dreyer Federico Fellini Werner Herzog Stanley Kubrick David Lynch Terrence Malick Yasujiro Ozu and Martin Scorsese Meanwhile they apply concepts of transcendence from continental philosophers like Alain Badiou Gilles Deleuze Martin Heidegger Michel Henry Edmund Husserl Karl Jaspers S ren Kierkegaard Maurice Merleau Ponty Friedrich Nietzsche and Jean Paul Sartre Each of the ten chapters results in a different perspective about what transcendence means and how it is essential to film as an art medium Several common threads emerge among the chapters The contributors find that the limitations of human existence are frequently made evident in moments of transcendence so as to bring characters to the margins of their assumed world At other times transcendence goes immanent so as to emerge in experiences of the surprising nearness of being as though for a radical intensification of life Film can also exhibit ciphers of transcendence whereby symbolic events open us to greater realizations about our place in the world Lastly the contributors observe that transcendence occurs in film not simply from isolated moments forced into a storyline but in a manner rooted within an ontological rhythm peculiar to the film itself      **Verzeichnis lieferbarer Bücher** ,2002
