

# Shakespeare Illusion

**John Leland, Alan Baragona**

## **Shakespeare Illusion:**

**Shakespeare's Dramatic Transactions** Michael E. Mooney, 1990 Shakespeare's Dramatic Transactions uses conventions of performance criticism staging and theatrical presentation to analyze seven major Shakespearean tragedies Hamlet Othello King Lear Macbeth Antony and Cleopatra Richard II and Richard III As scholars and readers increasingly question the theoretical models used to describe the concepts of mimesis and representation this book describes how the actor's stage presentation affects the actor's representational role and the ways in which viewers experience Shakespearean tragedy Michael Mooney draws on the work of East German critic Robert Weimann and his concept of figure-position the correlation between an actor's stage location and the speech action and stylization associated with that position to understand the actor stage location relationship in Shakespeare's plays In his examination of the original staging of Shakespeare's tragedies Mooney looks at the traditional interplay between a downstage place and upstage location to describe the difference between non illusionistic action often staged near the audience and the illusionistic localized action that characterizes mimetic art The innovative and insightful approach of Shakespeare's Dramatic Transactions brings together the techniques of performance criticism and the traditional literary study of Shakespearean tragedy In showing how the distinctions of stage location illuminate the interaction among language representation Mooney's compelling argument enhances our understanding of Shakespeare and the theater

**Shakespeare's Theory of Drama** Pauline Kiernan, 1998-07-23 Why did Shakespeare write drama Did he have specific reasons for his choice of this art form Did he have clearly defined aesthetic aims in what he wanted drama to do and why Pauline Kiernan opens up a new area of debate for Shakespearean criticism in showing that a radical complex defence of drama which challenged the Renaissance orthodox view of poetry history and art can be traced in Shakespeare's plays and poems This study first published in 1996 examines different stages in the canon to show that far from being restricted by the limitations of drama Shakespeare consciously exploits its capacity to accommodate temporality and change and its reliance on the physical presence of the actor This lively readable book offers an original and scholarly insight into what Shakespeare wanted his drama to do and why

**Shakespeare's Late Style** Russ McDonald, 2006-08-10 When Shakespeare gave up tragedy around 1607 and turned to the new form we call romance or tragicomedy he created a distinctive poetic idiom that often bewildered audiences and readers The plays of this period Pericles Cymbeline The Winter's Tale The Tempest as well as Shakespeare's part in the collaborations with John Fletcher Henry VIII and The Two Noble Kinsmen exhibit a challenging verse style verbally condensed metrically and syntactically sophisticated both conversational and highly wrought In Shakespeare's Late Style McDonald anatomizes the components of this late style illustrating in a series of topically organized chapters the contribution of such features as ellipsis grammatical suspension and various forms of repetition Resisting the sentimentality that frequently attends discussion of an artist's late period Shakespeare's Late Style shows how the poetry of the last plays

reveals their creator's ambivalent attitude towards art language men and women the theatre and his own professional career

**Literarische Echo**, 1907     *Stage Representation of Shakespeare's Plays*, 1893     Das Literarische Echo, 1907

**Das Litterarische Echo**, 1907     **Shakespeare's Monarchies** Constance Jordan, 1997 The author of this text explores how Shakespeare through his romances contributed to the cultural debates over the nature of monarchy in Jacobean England Stressing the differences between absolutist and constitutionalist principles of rule Jordan demonstrates Shakespeare's investment in the idea that a head of state should be responsive to law and not be governed by his own unbridled will Conflicts within royal courts which occur in the romances show wives daughters and servants resisting tyrannical husbands fathers masters and monarchs by relying on the authority of conscience     **Shakespeare's Prop Room** John Leland, Alan Baragona, 2016-01-21 This study provides the first comprehensive examination of every prop in Shakespeare's plays whether mentioned in stage directions indicated in dialogue or implied by the action Building on the latest scholarship and offering a witty treatment of the subject the authors delve into numerous historical documents the business of theater in Renaissance England and the plays themselves to explain what audiences might have seen at the Globe the Rose the Curtain or the Blackfriars Playhouse and why it matters Students of the plays will be able to read beyond Shakespeare's words and visualize the drama as it might have appeared on the stage Scholars will find a wealth of previously unmined material for reconstructing Renaissance theatrical practices School drama groups amateur theaters and directors and prop masters of professional troupes will find help in mounting their own productions as the Bard's audiences would have seen them

**Shakespeare's Dramatic Art** Hermann Ulrici, L. Dora Schmitz, 1876     **Shakespeare's Romances** Richard A. Andretta, 1981     **Indirections** Anthony B. Dawson, 1978 The precise relation between the spectator and the work of art was a matter of great interest to late renaissance and baroque artists playwrights as well as painters In Shakespeare's plays the relation between audience and stage life is crucial The plays constantly remind the audience of the complex fictiveness of their experience yet they also project a reality specifically through illusion *indirections* is a study of twelve plays in which Shakespeare sets up situations and relationships between the characters analogous to the relationship established between audience and play this book examines the varied uses of illusion deceit disguise and manipulation in the plays both comedies and tragedies and traces Shakespeare's use of illusion through his career from the buoyant optimism of the great comedies and the ambiguity of the middle years to the new richness and power in the romances Dawson suggests that the way characters respond to illusory situations sets up a model for the way audiences are meant to respond to the plays themselves Such action at least initially establishes a basis for the movement of characters from self-delusion to self-knowledge This process of self-realization enables the characters to distinguish truth from appearance love from infatuation and significantly it is a direct result of involvement with illusion and role-playing It is as if the characters must arrive within the movement of the plot at an understanding of and response to the nature of drama itself parallel to the audience's characters where each in

a sense represents the other depends for its life on the physical and psychic distances created by the theater Anthony B Dawson     **Shakespeare's Plays in Performance** John Russell Brown, 1967     Shakespeare's Hamlet and the Controversies of Self John Lee, 2000 This text offers a new approach to the discussion of English Renaissance literary subjectivity Unhappy with new historicist and cultural materialistic criticism it traces the history of the controversies of self

*Shakespeare's Wide and Universal Stage* C. B. Cox, Brian Cox, David John Palmer, 1984     **Shakespeare's Heroines on the Stage** Charles Edgar Lewis Wingate, 1895     **Die Illusion des Illusionstheaters** Jacqueline Malchow, 2022-05-24

Friedrich Ludwig Schröder bearbeitete und inszenierte im 18. Jahrhundert die Shakespeare Stücke Hamlet und Der Kaufmann von Venedig Diese interdisziplinäre Studie belegt die Bedeutung der Bearbeitungen und ihrer performativen Umsetzungen als essenzielle Zeugnisse aufklärerischer Theaterästhetik und Shakespeare Rezeption     **Shakespeare's Philosophy** Colin McGinn, 2009-03-17 Shakespeare's plays are usually studied by literary scholars and historians and the books about him from those perspectives are legion It is most unusual for a trained philosopher to give us his insight as Colin McGinn does here into six of Shakespeare's greatest plays A Midsummer Night's Dream Hamlet Othello Macbeth King Lear and The Tempest In his brilliant commentary McGinn explores Shakespeare's philosophy of life and illustrates how he was influenced for example by the essays of Montaigne that were translated into English while Shakespeare was writing In addition to chapters on the great plays there are also essays on Shakespeare and gender and his plays from the aspects of psychology ethics and tragedy As McGinn says about Shakespeare There is not a sentimental bone in his body He has the curiosity of a scientist the judgment of a philosopher and the soul of a poet McGinn relates the ideas in the plays to the later philosophers such as David Hume and the modern commentaries of critics such as Harold Bloom The book is an exhilarating reading experience especially for students who are discovering the greatest writer in English     **Particulars, Views, and Conditions of Sale of ... Hollingbury Copse ...** Farebrother, Ellis, Clark & Co, 1892     **Shakespeare's A Midsummer Night's Dream** Eve Leoff, 1964
