## **Prayers To The Moon Exercises In Self Reflection:**

**Prayers to the Moon** Kay Leigh Hagan, 1991 Praying to the moon is a symbol of consciously directing attention to a personal source of wisdom In her imaginative and empowering new workbook the author of Internal Affairs offers 52 writing exercises designed to stimulate and enhance self observation and mindfulness Line drawings      **Seven Spiritual Gifts of Waiting** Holly W. Whitcomb, Emphasizes the importance of being patient a concept that presents an enormous challenge in America s society while providing rich spiritual insights that deepen faith Original      [The Practice of Finding](#) Holly W. Whitcomb, 2019-02-07 Seeking is in vogue these days Many of us are continually even obsessively striving and seeking for something or other But are we ever satisfied What is enough Holly Whitcomb presents the spiritual practice of finding as the antidote to chronic seeking and as the doorway to a grateful awareness of having received enough She reflects on wisdom distilled by the finders poets playwrights psychologists and theologians and derived from her own experience When we engage in finding we recognize with humility and wonder that the universe contains possibilities beyond our power to imagine The Practice of Finding is an inspiring guide to that journey of discovery      *The Way of the Journal* Kathleen Adams, 1998-03      **Lady of the Moonbow** Ann Jamason, 2018-11-28 Ann Jamason is a living breathing example of what can happen when a woman questions authority and rebels against society s unspoken rules With humor and reverence Jamason describes her journey of personal empowerment touched by astounding magic and mystery from the ethereal yet earthy realm of the Divine Feminine Jamason invites others whether spiritual or not into her world as she shares insights she gained while evolving from a woman squelched by rigid rules to one who now lives a fuller freer juicier life of intuition imagination and joy Within stories of celebrations visions rituals rites of passage and key relationships Jamason reveals the healing transformations that awakened in her as she set out on a quest for wholeness To her surprise she discovered that playing belly laughing dancing and creating are all essential elements of a sacred path In this spiritual memoir a dynamic independent woman brings the reader along on her inner journey Included with her personal story are questions that invite others to revisit significant moments in their own lives that helped them feel more connected to the heart and the whole that contains us all      **Feminism and Men** Steven Schacht, Doris Ewing, 1998-10 Too often feminism has been defined as a woman only arena or in competitive terms of male versus female privilege rather than as a cooperative effort to improve the quality of life for everyone Indeed a good deal of feminist scholarship has failed to take into account the relational nature of gender preferring instead to focus on the ways in which men and women are irreconcilably opposed With a view to beginning a more constructive dialogue between women and men the contributors to *Feminism and Men* argue that the feminist movement can no longer stand to view with suspicion those men who have proved themselves sympathetic to issues of gender equity Bringing together the work of scholars across various disciplines committed to maximizing the inclusion of pro feminist men in the feminist movement the book convincingly demonstrates how and why feminist goals cannot be realized
