Psychnow Interactive Experiences With Psychology:

Psychnow! Joel Morgovsky, 1997-01 Covers human development the brain and consciousness sensation and perception learning and cognition motivation and emotion personality and abnormal psychology and social psychology **Psychology**

James S. Nairne, 2003 **Psychnow! Version 2.0** Wadsworth Publishing, Marianne Taflinger, Lori Grebe, 2003-07-01

Originally conceived as a fun exploratory CD designed to teach some of the most difficult topics in introductory psychology in a more fun and engaging way version 2.0 continues its theme of getting students hooked on psychology There are four main sections to the CD 1 Interactive Modules each with a consistent structure Explore introduces the topic in an interesting way Lesson elaborates on topics and Apply offer hands on activities to test understanding 2 InteractNow Team Based On line Collaborative Labs with chat and threaded discussion groups Each of the 8 Labs features a Multimedia Simulation and innovative exercises to help students interact with the psychological concepts and learn team dynamics 3 ExperimentNOW Research experiments allow students to do classic experiments and receive their own data There are 15 experiments on Perception Neurocognition Memory Imagery and Concepts 4 Quiz GameNOW enables two teams of students to review the material by playing against each other scoring points in the Back and Forth Lightning and Bonus Bet rounds The questions include animations and videos **Introduction to Psychology** Dennis Coon, 1998-08 In this revitalized redesigned and

thoroughly updated Eighth Edition of his best selling text Dennis Coon once again presents psychology in a way readers will find fascinating relevant and above all accessible Professors and readers alike have found Coon's text not only interesting and easy to read but exceptionally easy to learn from Built into every chapter are a number of features that help readers grasp major concepts develop a broad understanding of psychology's diversity and see for themselves how psychology relates to the practical problems of everyday life Professors and readers appreciate the way that Dennis Coon speaks to his theme His delight in the subject matter of psychology and in his own readers' curiosity insights imagination and interest is apparent on every page While Coon reports the latest research the latest controversies and the key scientific content important to the course he does so with a sense of humor and an awareness of readers' learning needs that set his book apart from any other in the field In a course where professors are frequently confronted by readers who haven't actually read their textbooks Coon's text offers a solution Coon effectively presents an approach that involves readers and gets them hooked on psychology and eager to read on Because readers become actively involved with the material they develop a basic understanding of psychology that they take with them into their future courses and careers Dennis Coon was the first textbook author to make effective use of cognitive principles to teach psychology by building each chapter around the SQ3R study reading formula survey question read recite and review Because SQ3R has been a part of the underlying structure of the text from its inception this proven method works better in Coon's text than in any of the many texts that have emerged over the years that have incorporated the SQ3R structure as an add on Psychology Spencer A. Rathus, 2004 **Psychology** Wayne

Weiten,2002 This exceptional guide was written by Richard Stalling and Ronald Wasden psychology professors with more than 30 years of experience as a writing team specializing in the creation of dynamic interactive student tools Working closely with Wayne Weiten Stalling and Wasden have organized each chapter in the Study Guide around Weiten s learning objectives for each text chapter A review of key ideas for each chapter includes an engaging mix of matching exercises fill in the blank items free response questions and programmed learning In addition the Study Guide offers key terms a review of key people and a self test for each chapter in the text *Psychology Catalog 2005* Neil Thomson,2004-09 **Ie-Psych Conc/Conn** Spencer A. Rathus,2003-07 PSYCHOLOGY CONCEPTS AND CONNECTIONS BRIEF VERSION will help your students make the connections between key concepts in psychology and the connections between those concepts and their own lives Spencer Rathus s warm and engaging writing style explains the fundamentals in ways that students can understand and then goes a step further to show how those fundamentals relate to students daily lives Rathus s commitment to helping students learn goes beyond the text narrative and is reflected in the text s proven active learning system PQ4R Preview Question Read Reflect Review and Recite This system is seamlessly integrated into the book s companion Connections CD ROM the Book Companion Web Site and the Study Guide all of which are FREE with every new copy of the text New Learning Connections and Life Connections sections in the text also include icons that cue students to interactive content on the Connections CD ROM and the Book Companion Web Site This seamless integration of text and technology enhances the active learning system PQ4R in the text and gives students multiple ways to connect with the text s current research and relevant applications In this edition Rathus invites students to learn about the latest in evolutionary psychology biology diversity and gender issues in psychology in a text that is concise yet thorough **Psychology Study Guide** Janet D.
