Psychotherapy Of The Submerged Personality:

Psychotherapy of the Submerged Personality Alexander Wolf, Irwin L. Kutash, 1991 The submerged personality is one in which the ego is replaced by an introjected parental self. Needing their parents for security, these patients give up their own perceptions of reality and accept the reality imposed by their parents. The psychotherapy necessary to effect introject dispersion is described in this book. , **An Outline of Abnormal Psychology** William McDougall, 2015-08-11

Originally published in 1926 as a complement to the author's *Outline of Psychology*, this book surveys the field of neurotic and mental disorders in so far as they are not due to gross organic lesions. It discusses the principal types of mental processes that are abnormal or disorderly in the sense that they are departures from the fully waking processes of the normal mind, seeking to understand them in terms of the general principles laid down in the earlier volume. Sleep, the influence of drugs, and suggestion, conflict, and repression, automatisms, and somnambulisms, morbid fears, obsessions, and impulsions, perversions, delusions, exaltation, and depression, multiple personalities, psychotherapy, and the schools of abnormal psychology, these and many others are the topics discussed from the point of view not of medical practice but of psychological theory. A book not for the medical expert only but for every man or woman interested in the riddle of human personality. **Principles Of**

Psychology William Flexner, 2005 *American Journal of Psychotherapy*, 1947 **The Psychology of Emotion** John T. MacCurdy, 2013-08-21 This is Volume XII of nineteen in a collection of *Abnormal and Clinical Psychology*. Originally published in 1925, this research stemmed from many discussions about the applicability of psychoanalytic principles to manic-depressive insanity, whether the symptoms could be traced to unconscious mental processes in the same way as Jung had demonstrated it to be possible in dementia praecox, and ended up with the general objective moving from that of psychopathological to one of psychological conclusions. **THERAPY'S DELUSIONS** Ethan Watters, Richard

Ofshe, 1999-04-16 Two acclaimed authors deliver an attack on talk therapy from its Freudian underpinnings to contemporary practice and expose the failure of this pseudoscience that still holds enormous sway over the American mind. *Handbook of Psychotherapy and Behavior Change* Sol Louis Garfield, Allen E.
